Russians Say 'Fruitful' Talks Can Delay Berlin Deadline

21 BOYS DIE IN LITTLE ROCK BLAZE

SIGN OF SPRING'S APPROACH. When farmers can get into their fields to begin spring plowing, hopes blossom anew that winter is all but gone. Frank Roseberry is shown here hard at work turning over the first furrows of 95 acres to be plowed on the Don Cook farm near Claridon. A few other operators in the county were similarly engaged Wednesday and while the ground's surface was wet, moldboards were turning up the soil in excellent condition. The day was perfect for the job, with the temperature reaching a high of 41. It fell to an overnight low of 26, but was back to 40 at noon today. The weatherman called for rain and snow tonight and Friday.

Khrushchev Pressing for Negotiations

Soviet Premier Takes New Policy Stand in East German Speech

LEIPZIG, East Germany (AP) — Soviet Premier Nikita Khrushchev said today he is prepared to postpone the May 27 deadline on Berlin—provided fruitful East-West negotiations are under way then.

Khrushchev said the May 27 date might be postponed until June 27 "or maybe July 27. We are in no hurry."

He cited an old Russian saying: "Never count your chickens until autumn."

The Soviet Premier made his remarks in an impromptu speech at a luncheon given by the mayor of Leipzig.

The question was brought up by Ian Mikardo, member of the British House of Commons and a deputy chairman of the British Labor party.

Mikardo asked Khrushchev what he meant to do about the May 27 deadline.

Khrushchev noted that the West has been calling the May 27 deadline an ultimatum.

"That is not true," Khrushchev said.

Then came his remarks about a postponement.

Repeats Warning

He warned again that the Soviet Union will sign a separate peace treaty with Communist East Germany if the West refuses to sign a peace treaty with all of Germany.

Khrushchev also warned the West against using force on the Communist world.

"Whoever bumps us with his elbow will break it," he said.

He said the Soviet demand for a peace treaty was made urgent by the fact that nearly 14 years have elapsed since the end of World War II.

Within minutes after arriving in Leipzig Wednesday, Khrushchev declared the U.S.S.R. would sign a separate peace pact with East Germany unless the West comes to terms on an all-German settlement.

Speaking after Khrushchev, East Germany's Communist leader Walter Ulbricht said: "Our people desire a peace treaty. Further delay can no longer be tolerated."

Only Part of Picture

The Soviet premier may not be moving fast enough for the impatient East German leaders. The Red army brought them out of Soviet exile at the end of World War II and put them in charge of East Germany. Ulbricht and his associates badly want the symbols of mastery in their own house. They feel that the sooner they get them, the sooner other governments will recognize them as rulers of a real nation.

The East German Communists have an uncomfortable feeling that Khrushchev considers them at least partly expendable in the global East-West diplomatic warfare.

The Soviet leader undoubtedly regards Germany as only part—though an important part—of the

Flames Trap 68 in Locked Penal Dorm

Negro Boys' Training School Is Destroyed; Toll May Go Higher

LITTLE ROCK, Ark. (AP)—Fire roared through a locked dormitory at the State Training School for Delinquent Negro Boys at nearby Wrightsville early today.

At least 21 youths died, and fire officials said they feared others might have perished.

The blaze broke out before dawn and destroyed the brick and frame structure which housed 68 inmates.

Kick Out Windows

Survivors escaped by kicking out windows which were covered with heavy-gauge, double screens designed to prevent escapes.

About 12 bodies were found piled up in one spot. Apparently they died trying to get out.

The 21 bodies which were recovered were burned beyond recognition.

Gov. Orval E. Faubus, who went to the scene as soon as he heard of the fire, said the doors should not have been barred and there should have been an adult in the building.

Faubus said an investigation would be made.

Origin of the blaze that destroyed the dormitory within an hour could not be determined immediately. Faubus said he had been told there was an electrical storm at the time.

The dazed survivors, ranging in age from 14 to 17, wandered about as firemen, sheriff's officers, and prisoners from a nearby penal farm tried to quench the smouldering ruins of the dormitory.

Sees Bodies in Pile

Fire Capt. Bill Dealon said he saw eight bodies in a pile and nine other bodies had been taken from the charred remains of the 20-year-old building.

A vocational teacher who normally slept in the building was in the hospital at the time the fire broke out.

George Williamson, 16, a survivor, said: "I heard screaming and hollering. There was smoke all over. I couldn't see anything. I found a window and got out."

Faubus appeared grim as he surveyed the glowing rubble.

"I inspected this school a year ago and found it safe," the governor said. "It's the first time anything like this has happened at such an institution in Arkansas."

Strong, Bigelow Speak

Mayor Candidates Quizzed on Issues

Two mayoralty candidates took their turns at bat and in the field Wednesday night, at the UAW-CIO Hall in an open discussion of municipal issues as related to their platforms.

Between them, Republican Mayor Wendell L. Strong and a Democratic contender, R. Guy Bigelow, fielded questions covering most of Marion's current and pressing issues from an income tax to traffic.

—:—

SPONSORED by the Marion County Committee on Political Education (COPE), the meeting drew some 55 persons to the big labor hall to hear what proposals each candidate had to offer.

Richard Dune spoke briefly on behalf of his father, Karl D. Dune, Democratic candidate for mayor, who is in Florida. Mrs. Georgia C. Burton, the other GOP candidate for mayor, didn't show up.

Both Mayor Strong and Mr. Bigelow said they favor a city income tax, although to different degrees.

Mr. Bigelow, who appeared first, said he had not changed his thinking on the tax since he recommended it two years ago.

"It's my firm and honest conviction that an employment tax is the only answer and most fair answer to our problem." It is fair, he said, "because fringe area residents . . . who make their living in town, will be forced to pay their share."

He linked passage of an income tax to annexation, asserting that "if council passes this tax, I think these people will want to come into the city and have a voice in government."

He warned, however, that a comprehensive plan covering proposed spending of the tax money should be submitted to council before any action is taken to pass an income tax.

"At the present time there is no such plan," Mr. Bigelow said. "The administration tells us we need slightly less than three million dollars, but they won't tell us specifically what they want it for."

—:—

REFERRING to sewers, the former safety-service director said the city has a "two-horned sewer problem."

"We have a very good sewer survey but haven't enough money left to carry out the plan." He added that he would like to see the sewer rental charge abolished and in its stead an employment tax adequate enough to cover sewers.

He said he feels the tax could be reduced gradually over a five-year period to a point at which revenue would be used solely for sewers.

Mayor Strong, who remained in an outer hallway during Mr. Bigelow's talk, said he would favor an income tax only if the money is used for necessities.

Rocket Sails Past Moon in Flight to Sun

Lack of Radiation In Outer Space Noted After Study of Data

WASHINGTON (AP) — Pioneer IV spun past the 300,000-mile level today still sending back clear accounts of space mysteries unraveled in its race into orbit around the sun.

The General Electric tracking station in Schenectady, N.Y. received the Pioneer's signal at 10:15 a.m., EST, when the moon probe was 305,000 miles from earth. GE said it expected to lose the signals at about 1:15 p.m.

The tracking station at Goldstone in the Mojave Desert of California picked up the radio voice of the gold-washed cone at 7:37 a.m. EST today from far out past the moon.

Speed Slackens

At that time the distance from earth, computed from telemetry signals described as strong and clear, was 303,000 miles. In line with advance calculation, speed away from the earth had dropped to 4,250 miles an hour.

The signals showed a temperature of 41 to 42 degrees centigrade —104 degrees Fahrenheit— for the instrument payload of the space traveler. That was higher than the temperatures radioed back by the Army's Pioneer III which went about a third of the way to the moon before it failed and fell back. It was well within the range of comfort for space travelers of the future.

No Major Radiation Indicated

Earlier reports from the American space traveler already had given another favorable indication for man's own ventures outside the earth's environs — no major radiation belt encountered above the two discovered by Explorer satellites.

The 13-pound cone sped past the moon, 37,000 miles to the side, at 5:24 p.m. Wednesday, at a velocity of 4,525 miles an hour.

Missing Baby Safe; Police Hold Suspect

Infant Unharmed in California, Returned To Widowed Mother

ONTARIO, Calif. (AP)—A kidnaped infant was found safe Wednesday night in the arms of a chunky, 37-year-old woman who admitted taking him from his crib while she was babysitting five days ago.

Betty Jean Yocom retreated to the bathroom of her darkened home 10 miles from Ontario when she heard FBI agents kicking in the door. Hugged to her bosom was 9-week-old Eric Leon Flores.

In a bedroom the agents found a brand new bassinet and bottle sterilizer and other indications that Mrs. Yocom had lavished a frustrated maternal love on another woman's child.

The baby, ill with a cold when he was taken from beside his sleeping twin brother last Friday, appeared to have been well cared for, the FBI said.

The baby was reunited with his mother, Ruth Flores, 35, widowed mother of six, at the Ontario police station.

Mrs. Flores and the friendly woman she had allowed to sit with her children, faced each other tearfully.

They had first met last Feb. 17 when Mrs. Yocom, calling herself Ann Williams and identifying herself as a social worker from a local church, called on Mrs. Flores to offer any help that might be needed.

Roadblocks Set for Sprenz

Criminal Hunted Near Altoona, Pa.

ALTOONA, Pa. (AP) — Police and FBI agents kept a constant vigil in this mountainous central Pennsylvania area today for Frank Lawrence Sprenz, one of the FBI's 10 most wanted criminals.

Sprenz, 29, sought for the $25,895 holdup of a Hamilton, Ohio, bank on Monday, was reported seen in this city of 75,000 Wednesday.

Roadblocks were set up at key points in the area, but as the hours dragged on there was no sign to the elusive Sprenz.

After the Hamilton holdup, Ohio police said Sprenz stole an airplane and flew 160 miles to Coshocton. He was reported near Canton Monday night.

Police Chief Vaul E. Rouzer of Altoona said a man fitting Sprenz' description registered at the small Altoona Hotel on the outskirts of town early Wednesday morning and checked out about 12:30 p.m.

Rouzer said the man then had a new water pump installed in his car at a service station and drove toward the center of town.

The chief said a bellhop later discovered money wrappers from the Hamilton bank in the vacated hotel room. The wrappers, Rouzer said, would have held $22,500.

The car was described as a

24 Taken to Hospitals

Fire Rips Hazleton, Pa., Hotel; 3 Dead, 2 Missing

HAZLETON, Pa. (AP)—Screaming in terror, guests shinnied down cables or climbed or were borne down fire ladders early today as flames raged up an elevator shaft of the five-story Gary Hotel.

Fire authorities reported at least 4 dead, 2 critically injured and 24 others taken to hospitals for treatment of burns, cuts, smoke inhalation and shock. Two of the dead were brought out soon after the fire broke out. Two other victims were discovered later during a search of the ruins.

24 Taken to Hospital

At least 24 persons were taken to hospitals for treatment of burns, cuts, smoke poisoning and shock.

Two of the dead were removed soon after the fire broke out. A third body was found later.

The entire front wall of the hotel collapsed into heaps of rubble. It was thought the two missing persons might be dead in this wreckage.

Victims fled from the flaming building, their night clothes ablaze. Others stood and sat dazed in the street as 100 firemen from four companies fought the raging fire for more than two hours.

Efforts to control the blaze were hampered by icy streets and ice coated hoses resulting from the biting 23 degree weather.

Flames shot from the windows and burst through the roof of the brick building as firemen arrived. Residents stood at windows on the upper floors screaming for help. Two of these were George Klem, 22, and his wife, Beverly, 18.

Wait 20 Minutes for Help

The Klems waited 20 minutes for help at the window of their fourth floor, rear apartment. Finally, in desperation, Mrs. Klem grabbed a television cable and slid to a pole from where she was able to swing to the roof of an adjoining 1½ story building. Her husband followed by the same route. Both suffered lacerations of the hands.

The scantily clad Mrs. Klem, shaking with fright and holding aloft her wire slashed hands, told of their escape.

Como in TV's 'Biggest Deal'

Singer Signs Contract For 25 Million Dollars

NEW YORK (AP) — Perry Como has signed a 25-million-dollar television contract with Kraft Foods, said to be the largest individual deal in TV history, his agent said today.

The announcement came in a telegram from Harry Sobol, personal press representative of Como.

Sobol said the amount involved is for 104 weeks, and includes programing, time and all costs of production, including guest stars.

Those participating in the contract signing, Sobol said, were: Robert Kintner, president of the National Broadcasting Co.; J. C. Loftis, president of Kraft Foods; Larry Kanaga, president of General Artists Corp., Como's booking agency; Jack J. Katz, Como's attorney; and Dan Seymour, vice president of J. Walter Thompson Advertising Agency.

Sobol said all shows, including summer replacements, will be produced by Como's producing firm, Roncom Productions.

$1 Million in Bogus Bills Seized

Ring of Counterfeiters Cracked, Agents Nab 25

CHICAGO (AP) — Recovery of more than one million dollars in $100 bogus bills and the seizure of 25 members of a nationwide counterfeiting ring were announced today by the U.S. Secret Service.

Paul J. Paterni, head of the Chicago Secret Service office, said the counterfeit notes were recovered in 22 states.

He said that 25 persons have been arrested since November as agents worked quietly to stamp out the counterfeiting network.

Paterni said the operation was finished off Wednesday night with the arrest of two Chicago men he termed the ringleaders.

Paterni said the gang passed about $25,000 of spurious bills successfully, but added, "We have recovered all of the money passed through department stores and other merchants."

Much of the bogus money was purchased by undercover agents in an effort to stem the flood without thwarting efforts to round up the counterfeit gang.

Paterni said three agents purchased some $700,000 in counterfeit bills at a cost of $9 for $100 bogus. In the windup of the investigation, $726,000 in fake currency was seized by raiding agents.

Note Blasts U.S. Naval Action

Russia Protests Sharply At Boarding of Trawler

LONDON (AP) — The Soviet Union today sharply protested the U.S. naval boarding of a Soviet trawler suspected of cutting a transatlantic cable off Newfoundland.

Moscow radio said a note handed to U.S. Ambassador Llewellyn Thompson in Moscow described reports that the trawler Novorossisk had damaged the cables as "a complete invention."

The boarding took place off Newfoundland Feb. 26. The officer who headed the American search party, Lt. Donald Sheely of Falls Church, Va., said later that the fishing boat "probably quite likely" had something to do with the break in the cables but he didn't know whether accidentally or intentionally.

"The note," said the Moscow broadcast, "points out that the incident involving detention of the Soviet trawler was undertaken with provocative aims in mind.

"The Soviet government expects the U.S. government to take all necessary measures to prevent the recurrence of such unwarranted actions toward Soviet fishing trawlers engaged in fishing in the open seas."

The note said the trawler "did not cause any damage to underwater telegraph or telephone transatlantic cables."

Aids Financial Stability

Balanced Budget Basic Solution for U.S. Crisis

High officials in Washington are discussing possible remedies for the borrowing problems which beset the Treasury. Suggested cures are discussed in this, the last of four articles on financing the national debt.

By FRANK CORMIER

WASHINGTON (AP)—How can Uncle Sam finance the record national debt without inviting a fiscal crisis or fostering the inflation he hopes to avoid?

President Eisenhower and his top advisers on money matters argue that a balanced budget offers a basic solution. They say a budget in the red threatens financial stability on two counts.

Last of a Series

1. Directly, by forcing the Treasury to borrow more cash. This promotes inflation of the money supply because the government must rely heavily on bank credit when it borrows.

2. Psychologically, by increasing inflation fears.

—:—

OFFICIALS SAY that if the budget isn't balanced in the coming fiscal year, in a time of relative prosperity, people will doubt that red ink spending can ever be controlled.

People who expect continued budget deficits are less apt to save and lend, lest the value of their savings be whittled by inflation.

Secretary of the Treasury Robert B. Anderson recently told Congress: "If we ever reach the point where people believe that to speculate is safe but to save is to gamble, then we are indeed in trouble."

He was unquestionably thinking (1. of the present reluctance of many people to save through investment in government securities (treasury I.O.U.'s) and (2. of the rush of money into the stock market.

Anderson and other administration policymakers have made the balanced budget a major article of faith because they believe even a small deficit would do great harm.

—:—

BESIDES HOPING to balance the budget, the administration sees another possible solution to the Treasury's debt management problems: more borrowing on an intermediate and long-term basis.

No one will guess when the government will be able to do this. Officials say they expect to have the chance later in the year.

Right now, because lenders are motivated by fear of rising interest rates and inflation, the Treasury has to do most of its borrowing for short terms.

Long-term loans generally are much less inflationary because a smaller proportion of long-term money is provided by the banks. Bank credit means inflation of the money supply.

Since last July, the Treasury has gotten only one loan which comes due in more than five years. It borrowed 885 million dollars in January on a 21-year bond priced to yield 4.07 per cent interest.

—:—

INTEREST ON THE DEBT now totals more than eight billion dollars a year and is second only to defense as the largest single category of federal spending.

The administration wants to avoid a donnybrook over the interest ceiling. However, if the Treasury has to continue relying on short term loans, and sees real trouble ahead, an increase may be requested.

Still another suggestion is to have the Federal Reserve System peg the price of government securities at pre-determined levels. When prices fell below these levels the reserve system would buy; if prices rose, it would sell.

While this would increase confidence in the stability of bond prices, it might also touch off an inflationary rise in bank credit if the Federal Reserve were forced to buy vast amounts of Treasury securities.

The Treasury is opposed to this plan.

Anderson and his aides hope, in fact, that they can avoid any drastic solution. They say they are optimistic the problem won't get acute enough to require this.

Morrow Students Prepare Projects For Science Fair

MOUNT GILEAD—Hundreds of students in Morrow County and Mount Gilead schools are in the process of completing projects for the science fair which will be held in the North Electric Building March 23-27.

H. Ray Wagner, county elementary supervisor and chairman of the fair, said individual projects and quality of each are being stressed this year. A written report outlining what the child has learned from the project must accompany each exhibit.

"In terms of creative ability and scientific thought," said Mr. Wagner, "the Morrow County-Mount Gilead science fair will improve this year."

"The most hopeful result is that we are catching the kids younger. If we don't interest boys and girls in grade school, they may neglect to take courses essential for serious scientific work. We want every child to be aware of the opportunities in a science career. We may have another Edison or a Kettering in our schools."

Mr. Wagner said elementary exhibits will be shown on the second floor of the building and high school exhibits will be on the first floor. The exhibits will be judged Saturday afternoon, March 21. The building will be open from 9 a.m. to 9 p.m. daily except from 12 noon to 3 p.m. Good Friday.

Columbus Man Seized After Hit-Skip Is Fatal

COLUMBUS, Ohio (AP) — John B. Wunderlin, 75, Columbus, was injured fatally in a hit-skip accident at an intersection here Wednesday night, police reported.

A half hour later officers arrested Robert W. Stanley, 32, Columbus, and held him for investigation of second-degree manslaughter. Police said a witness at the accident later saw Stanley's damaged car in front of a relative's home.

Ohio Bell Co., CWA Report Talks Progress

CLEVELAND (AP) — "Substantial progress" was reported to have been made during a marathon bargaining session between the Ohio Bell Telephone Co. and the Communications Workers of America. Negotiators recessed early today after talking for 19½ hours.

Another meeting was called for Saturday morning in an attempt to agree on terms of a new contract.

Talk of a possible strike was raised Wednesday night for the first time since the union and company sat down two weeks for contract negotiations.

Martin J. Hughes, Ohio director of the CWA, said locals throughout the state had been advised to proceed with strike votes.

The CWA represents 17,000 Ohio Bell employes. Its old contract has been extended indefinitely from its scheduled expiration date of last Saturday Midnight, but the extention is subject to cancellation by either party.

The company and union have reached agreement on pension improvements. The union's demands in the current talks have not been announced.

Cleveland Police Seize Gunman After Hot Duel

CLEVELAND (AP) — A 19-year old left-handed shooter lost a fierce gun battle with police today inside a downtown bar he attempted to rob. Twenty-eight shots were fired in the 10-minute duel.

Lee Moore, who police said listed no address but told them he came from Cincinnati a few days ago, was treated at Charity Hospital for gunshot wounds in the left hand.

Six patrolmen had a hand in exchanging shots with Moore. James Mayes, a traffic officer, was treated for head bruises.

DiSalle Lays It on the Line

Until some future Ohio governor makes a clearer presentation of the state's budget problem, Michael V. DiSalle will get credit for the best job in the memory of any living Ohioan.

He has gone to the mat with a tough subject and pinned it down. He has confronted a spending-minded legislature with an ultimatum that cannot be brushed aside:

If you want to spend more money, you have to raise more money.

HERE IS what the governor proposes in the way of more money:

1. That Ohioans who use liquor should pay for it at prices competitive with those of neighboring states—enough more to raise 20 million a year.

2. That Ohioans who use cigarettes should pay two more cents a package—enough to raise 23 million a year.

3. That Ohioans who drink beer should be willing to pay for the 3.2 per cent variety at the same rate as the high-powered variety—enough to raise two million a year.

4. That Ohioans who bet on horse races should pay three million a year more than they are paying now.

5. That Ohio corporations should raise 13 million a year more in their franchise taxes.

6. That all Ohioans hold still for adjustments in the way sales taxes are collected to produce 22 million additional revenue.

The total in all new revenue, including a tax boost on gasoline and diesel fuel, would be something more than a third of a billion dollars in the next two years, or a sixth of a billion each year.

Ohioans should become familiar with the idea of billions, because their budgets from now on will be described in billions. The grand total of the budget Gov. DiSalle is talking about—a two-year budget—is $2,076,212,000. The comparable figure for the O'Neill administration was $1,875,287,762.

THE GENERAL ASSEMBLY can take that figure or leave it. If it takes it, additional taxes must be forthcoming.

If it leaves it, for the sake of avoiding additional taxes, it must give up much of the spending it and preceding assemblies have found so attractive.

Gov. DiSalle has shut the mouths of pop-off critics who try to shove blame on the executive at budget-making time by giving the legislature a range of five choices, from an all-out austerity program to an all-out spending program. His own recommendation is a middle-of-the-road program, to keep the state solvent without crippling its orderly growth.

This is accompanied, moreover, by a recommendation that could make a vital difference to Ohioans in the years to come—a financial study of Ohio, with a view to more orderly budget procedure.

Every state in the Union is having budget trouble in 1959. Some of them have been having trouble for several years. Ohio, itself, has been kept off the financial hook by the surpluses it piled up during the war years from sales tax collections, when large-scale spending had to be deferred because the federal government would not give states priorities on building material.

The fact is that in every year starting in 1948 Ohio has spent more money than it has collected, draining away its surplus. It now has come to the end of the line. The surplus is gone.

The state either must go to its taxpayers or to the dogs.

Fortunately, it can go to its taxpayers with good grace because it has not abused them. Also fortunately, its new governor, with a four-year term to give him time to make adjustments and a point of view that makes going to the dogs a betrayal of his trust, is leveling with taxpayers when he tells them the unpleasant facts of budgetary life.

THE GOVERNOR'S dandor has put the members of the legislature in the middle, where he obviously wants them to be.

They are chock-full of ideas for spending money they don't have. Their constituents back home are chock-full of ideas for demanding money they don't intend to pay as long as they are babied along in the illusion that somebody else can be made to pay it.

Gov. DiSalle and his new state administration have ideas for spending money, too. No one gets elected these days by stalling about austerity.

But sooner or later, someone has to get down to brass tacks about money. President Eisenhower has been doing it in Washington, to the consternation of the Spendocrats in Congress. Gov. DiSalle now has done it in Columbus—and he has wounded Ohio Spendocrats with his blunt budget-balancing.

They will be yipping and sobbing from now on. There's no way to balance a budget without making people unhappy. But Gov. DiSalle seems to have plugged his ears with cotton. Come what may, he has made the clearest budget presentation anyone in the Ohio territory has heard of since pioneer governors ran the state on thousands instead of the millions that came later and the billions that are here now.

George Meany Has a Big Idea

A proposal by George Meany, AFL-CIO president, for a new congressional inquiry into the extent of official corruption, to offset the impression of corrupt unionism made by the McClellan investigation, is worth a second and third thought.

Everybody who has kept informed about improper practices in labor-management relations knows there has been a serious failure of local law enforcement behind many of the practices. Police departments have looked the other way.

President Meany has a big idea when he suggests that a searching inquiry into this dereliction of duty would show that corruption has not been confined to the bully-boys of unionism by any means. But it is not to be imagined that his accusation will be accepted by law enforcers in good grace.

They will point, in turn, to the political pressures exerted on police departments. And if the real source of the pressures were to be tracked down, it would be the demonstrated power of labor leaders to make and break politicians. That once was the subject of another Senate investigation before the beginning of the McClellan committee — the famed Kefauver committee that investigated crime.

The Kefauver committee disclosed the connection between shady unionism, organized crime and big politics. It picked tentatively at evidence that the Mafia had more power of decision over important matters in this country than the police power that supposedly controls strong-arm outfits like the Mafia.

It showed, as the McClellan committee was to show later, that there is an underworld conspiracy that preys on unions, business, individuals and even on political parties.

Unfortunately, the Senate never knew what to make of the information gathered by the Kefauver investigators. It does not seem to know what to do with the information gathered by the McClellan investigators, either. It seems to be waiting in the latter instance for someone like Mr. Meany to tell it to go ahead — that the AFL-CIO wants to be cleaned up and kept clean with the cooperation of law authorities.

It has been given a modified go-ahead signal. AFL-CIO has approved the Kennedy-Ervin bill. If it would approve the abolition of some of union labor's more inexcusable practices specified in the administration bill on the same subject, labor reform could become an actuality in 1959.

Every police department in the United States then would know how the political wind was blowing — that it had become politically safe to enforce the law against bully boys in labor the same as bully boys anywhere else.

New Kiwanis Club

The organization of the Marion Town and Country Kiwanis Club adds another component to the distinguished list of active, hard-working service clubs in this city.

Many people do not realize the heavy contributions made to community welfare by service clubs, partly because so many of their accomplishments are not headline material.

In numerous fields — crippled children, youth work of all kinds, sight saving, traffic safety and others — the clubs measure up to their service designation.

In a city where the civic problems seem to be multiplying steadily, there is a strong possibility service clubs will play an even heavier role as time passes.

We congratulate the officers and charter members of the Town and Country Kiwanis Club and extend best wishes to them as they embark on the great adventure of service.

The Once Over

By H. I. Phillips

In the recent toothache incident Khrushchev may have fired the "ouch!" heard 'round the world. It is possible his toothache could become the most historic in world history, constituting a definite warning of war and devastation of civilization.

In years to come it may possibly be said, "Never did so many people depend so much on one tooth."

It could be, of course, that Khrushy really had a bad toothache when he took himself out of a scheduled trip with Macmillan. Anybody knows such trouble can make any man irascible and unsociable.

Nothing would make the world more relieved than an official statement from Khrush's dentist, "The premier had a toothache and I mean positively. I advised him not to fight it. After all, why should Khrushchev suffer for England?"

Dentist who treated Khrushchev must have been highly shaky. When a doctor tells the Soviet leader, "This isn't going to hurt you," he had better be right. Dental office scene:

Dentist: What tooth is it?

Khrush: That's for you to find out.

Dentist: It would speed it up if you told me.

Khrush: You will speed it up or else. I remind you that Russia invented dentistry. I'm not so sure it didn't invent teeth.

Dentist: Open wider.

Khrush: That's what Macmillan kept demanding in our policy talks.

Dentist: I could fill it.

Khrush: I warn you that you have weapons which could constitute an aggression and would be followed by immediate attack.

Dentist (locating tooth): I guess I had better yank this.

Khrush (sharply): DON'T USE THAT WORD "YANK."

How could Mickey Mantle even be expected to sign contract with good behavior clause when he is paid to murder pitchers?

Now Isn't That Nice!

Cold War Misnomer

By David Lawrence

Lawrence

Now it's trouble in Bolivia! Yesterday it was in Cuba and before that in other Latin American countries where hostility against the United States was artificially intensified by the Communists.

Unfortunately, maneuvers of the Communists in the "cold war" are usually pooh-poohed by too many people in this country, despite bold propaganda operations that are obviously planned with care. When the anti-Nixon incidents occurred on the vice president's tour of South America, it was conceded, of course, that an antagonism such as was manifested against the United States could readily have been brought into the open without the slightest stimulus by the Communists. But this was no reason to ignore the impetus given anti-American sentiment there or anywhere else in the world by the Communists.

It so happens that this week an article reporting an alleged remark by a minor American official was published in a magazine reaching Bolivia from the United States.

The idea that a chance comment in a magazine, circulating a relatively small number of copies in that country, could produce a riot against the United States Embassy and cause the evacuation of its personnel is too fantastic to believe. Only an organized conspiracy by those malcontents with a desire to focus international attention on relations between the United States and an important South American country could have brought about the tragic episode.

THE OTHER DAY in Congress, Rep. Daniel J. Flood (D-Pa), declared that Communist influence is back of some of the demands being made by the government of Panama for an extension of its territorial waters which would adversely affect American rights in the Canal Zone. He said:

"Those in charge of the Communist movement in Latin America and especially in the Caribbean area, have undoubtedly focused their conspiratorial activities on the Panama Canal with the purpose of causing destruction of amicable relations between the United States and Panama, with complete liquidation of United States control over the Canal itself."

Nor is Communist activity confined to any one part of the globe. It is noticeable just now in Africa, where fuel is being added to the flames of nationalism. It is operative also in the Far East. A few days ago a press dispatch dated Manila said:

"The Foreign Office warned yesterday it has received reports pointing to 'growing infiltration' by Communists among the Philippine student population.

"Foreign Secretary Serrano conveyed the warning to Rep. Lenardo Perez, chairman of the House Committee on Anti-Filipino Activities, and told him to put his committee 'on alert.'"

THE PATTERN of student infiltration is worldwide. In Latin America, in particular, many of the anti-American demonstrations have originated in the colleges. To plant young leaders who will use any provocation to work up passionate outbursts is a relatively easy device. It has been revealed in Cuba in the so-called "youth movement."

While the top officials there vehemently deny that the Communists have anything to do with the Fidel Castro regime, it's an open secret in Havana that the Communists are busy causing mischief wherever they can in the little republic which is struggling to recover from the ill effects of the Batists dictatorship.

In the Middle East the Communist plotters have been more successful than anywhere else. Everyone who has watched the situation in Egypt is aware that the Communists have played an active part there in anti-Western demonstrations.

The Nasser government, which at first welcomed such supporters, now is troubled by them. Iraq is an example of a successful conquest by the Communists of a country which until recently was one of America's staunchest friends.

Despite the denunciations of anything that even remotely resembles an intervention in their own domestic affairs, the Soviets are spending hundreds of millions of dollars fomenting internal trouble inside many of the countries sympathetic with the West.

Purely Personal

By Truman Twill

I suspect the world-famed ooze of Flanders that defied all efforts to do anything about it in World War I was no worse than the ooze of this mushiest of all springs.

Albie Booth and Bert Metzger, of Yale and Notre Dame, respectively, were powerful examples for hundreds of "little men" who wanted to play football. Booth, who has just died, and Metzger weighed less than 150 pounds, yet both were first-teamers par excellence—Booth as a back, Metzger as a linesman.

I wonder if anyone still makes old-fashioned cottage cheese—the kind that was ivory-colored and chewy, instead of snow-white and bland.

If it's any comfort, it's safer to ride in an automobile every day. The death rate per 100 million vehicle miles has dropped from 16.3 in 1927 to last year's all-time low of 5.6. In 1957 it was 6.

I think often of the time that would be saved if people who talk about things they know nothing about were never listened to.

I have been hearing about nepotism since I was a child and once quit a job because a fellow employe pointed out that my father had made it possible for me to get it. The only solution to the problem in public employment, where nepotism is intolerable, is to outlaw it all the way down to nephews, which is what it means—favoritism toward nephews.

Unionists who complain that other unionists have forced their wage rates so high no one can afford to hire them do not realize they are criticizing their own philosophy, as far as I can see.

A lot of puzzlements and uncertainties about gambling would disappear if it were remembered that chronic gamblers are just as sick in the head as chronic thieves and dope addicts; that they need to be helped, not exploited.

It is possible to make a list of two dozen men who are having more effect on your life than any other two dozen you could name and show that all of them are from five to upward of 20 years past the age when enterprise customarily brings up the juniors to run the show.

I wonder if the Pentagon notices it too—the embarrassed silence about all the things that seem to go wrong with rockets. Maybe everything is on schedule, but in the interlands some taxpayers are beginning to feel sorry for the rocketeers.

The nine-year-old car I drive back and forth to work is almost exactly the same as the "lightweight" cars supposedly being readied for sale in 1960 by the Big Three. Odd thing about it is that I never thought of it as a "lightweight" car, though I've noticed it is shorter than modern models. Apparently, Detroit figures if it goes back 10 years it will have given the public a bargain.

If the head diplomats can stall off a Geneva summit meeting until June, the new presidential jet transport will be ready for the trip. It will be a Boeing 707 model modified for presidential use.

I would be embarrassed to share a half hour on one of Murrow's "Person to Person" shows with someone who would make me sound as shallow and useless as some of Murrow's "guests" sound after he has interviewed one of his occasional topnotchers.

The thing that admirers of Fidel Castro cannot get through their heads is that admirers of Fulgencio Batista once were starry-eyed too. Something about strong-man politics in Cuba seems to do the damage.

Letters to The Star

Need for Trained Intelligence Cited

To The Star: The critical need for mature thinking about the significance of education in America was pointed up by the recent editorial in The Marion Star regarding an observation by Dr. A. Whitney Griswold, president of Yale University.

The very fact that the impact of Dr. Griswold's cogent speech seemed lost to the writer of the editorial is unfortunate enough, but to note that the writer chose to emphasize the most pedestrian aspect of the problem is a sorry comment on his journalistic acumen and responsibility. If I have failed to perceive an intended, though tenuous satire, it nonetheless serves to direct our attention to a grievous deficiency in our nation.

—:—

DR. GRISWOLD'S address was concerned with the prostitution of education by "big-time" football as it now constitutes a barrier to liberal arts emphasis. He expressed consternation with the obvious stagnation of the community's sense of purpose in education.

With the creation of Sputnik and its rude explosion of America's smugness, it appeared that we would at long last begin to take proper note of our shabby attitudes of the meaning of education in our democracy. True, it did precipitate an unprecedented awareness of some of the gross weaknesses in a manner strangely remote from our usual position of vain superiority.

It was not long, however, before these self-effacements became rationalizations. By the same token, it was not long after the embarrassed educators had promised more science and mathematics, that the ruffled American conscience settled back into its rut of complacency.

It is refreshing to observe that there are yet a few staunch individualists who sense, acutely the need for an "agonizing reappraisal" of the concepts of education. I am reminded of men such as Dr. Griswold, Harold Taylor, Admiral Rickover and Robert Hutchins.

Perhaps it may be a naive anachronism to entertain the idea that a school or a university should primarily represent an instrument for the utmost development of the mind. When admiration for the scholar is ignored in the din of acclaim for the facile athlete, a profound distortion of values has been incurred.

Pure competitive athletics is an accepted good, but when athletic prowess-at-any-cost becomes the criterion by which our academic system is ultimately identified and popularized, we, as a nation, have lost the awareness of what constitutes our greatest resource.

We have with futility decried the lack of educational motivation for our children. However, we continue to erect and perpetuate the many superficialities in our society which abnegate most real yearning for wisdom.

Before we accept that our system is the most productive of pre-eminent scholars, we should avail ourselves of data from the many fields of adventure of the mind. In the area of nuclear fission, 12 basic discoveries in physics, mathematics and chemistry eventuated in atomic power. Of these, three each were made by German, English and French scientists and only one by an American.

Even in "our" development of the atomic bomb, the major contributions came from Fermi of Italy, Bohr of Denmark, Teller of Hungary, Einstein of Germany and Chadwick of England. There has been no little disquietude in the Joint Congressional Committee on Atomic Energy that 60 per cent to 70 per cent of our top-echelon scientists are foreign born and educated.

—:—

IF THERE WERE ever a political form which truly existed by the wisdom of its constituents, it is a democracy. And yet we, as the allegedly pristine example of democracy, countenance an anti-intellectual posture which places relatively little genuine value in the refined human mind. We should consider soberly the historic precedent which prompted the admonition of Alfred North Whitehead: "The rule is absolute; the race which does not value trained intelligence is doomed."

At this perilous phase of our civilization, it behooves us to observe that this nation has had the rarest endowments of potentiality. It will be, in good measure, through indifference and perverseness, if we be doomed.

Life Too Easy?

By Hal Boyle

NEW YORK

Socrates, reputed the wisest man of antiquity, was given a hemlock cup for corrupting the youth of Athens.

Yet all he did was ask them questions designed to help them think for themselves.

HAL BOYLE

In every period of history someone is accused of leading the false ideas. Who today should be handed the lethal cup of hemlock?

Who is spoiling the present younger generation? That is, if we go along with the always popular generalization that the current crop of youngsters is the brattiest, the most irresponsible bunch of smart aleck ever to sorrow and sully a hopeful time.

—:—

IF ANYTHING is spoiling the younger generation today it is the generation that preceded it—our own. If anything is setting them a bad example, it is us. If they are lax, it is because we have been lax with them.

The biggest culprits are probably middle-class parents, by far the largest class in America. The poor don't have the money to spoil their young; the rich, by and large, can afford to—but usually don't. Children born to wealth generally learn its value young.

It's the self-made man who started from nothing and struggled his way up to a $10,000-to-$15,000 a year salary who sometimes seems most adept at spoiling his own children.

—:—

RECENTLY WE dined at the home of such a man. During the meal he reminisced about how much tougher life was when he was a boy.

"Yeah, popsy," jeered his 18-year-old son. "Tell us again how you used to have to swim three miles each way to school every day."

Later, when we were alone, the father remarked rather wryly on his son's lack of appreciation.

"I had to quit college after two years to help out my family," he said. "But my son has never had to work a day in his life. I give him a good allowance, he has his own car. I couldn't afford to join a fraternity. He belongs to the best one on his campus.

"But with all his advantages, he isn't paying any attention to his studies. I'm afraid he's going to flunk out. And that'll break his mother's heart."

Asked why he didn't make his son earn at least part of his way, he said: "Well, I want life for him to be easier than it was for me. I think I missed a lot by having to work too hard, too young."

Isn't the biggest sin most middle-class parents are visiting on their children today the sin of trying to make life too easy for them?

News of Other Years

40 YEARS AGO — For the first time, women in Detroit balloted in the primary election of candidates for justice of the peace and other city offices. There were 10,000 women registered but because of a heavy snowfall only half as many appeared at the polls.

Every man available was put to work removing Chicago's heaviest snow of the season which threatened to interfere with elevated and street car traffic. A drop of 19 degrees in temperature accompanied the heavy fall.

20 YEARS AGO — A national survey classifying 194 American cities as "good" to "very good" in observance of civil rights and the remainder from "fair" to "very bad" was made public by the American Civil Liberties Union. Cleveland, New York and St. Louis were put at the top of the list as "very good." Memphis, Tenn., Little Rock, Ark., and Tampa, Fla., were listed as the "worst." Among the general conclusions announced were that free speech "suffered least assault" than any other civil right and that right of public assembly "was most universally disregarded." In Ohio, Lorain and Salem were listed as very good and Lima and Canton as very poor and bad, respectively.

10 YEARS AGO — Four Marion County students received notice of honorable mention among all senior boys and girls in Ohio in the state scholarship test. William Halby of Pleasant School was first in the county with 230 points. Charles Roger Andrews of Harding High School was second. Top score in the state was 266 points.

New developments in respect to the proposed Memorial Coliseum at the county fairgrounds were reported at a special meeting of the fair board's building committee. Developments centered around reception of three new bids and cooperation in the project by the county commissioners.

Easter Bonnet Sandwiches Are Tasty

Colorful Cottage Cheese Mixtures on Bread Decorate Hats

By CECILY BROWNSTONE
Associated Press Food Editor

Whimsical cooks come into their own at holidays. At Easter time the custom of offering colored eggs, festive yeast breads and lamb cakes have lured many culinary artists to add other gay creations to this joyous occasion.

Fashion creeps into food: lately we've been having bonnet cakes and bonnet cookies on Easter tables. Now here come Easter bonnet sandwiches and they're as cute as buttons.

One point on which we insist: holiday food, although it may be whimsically shaped and decorated, must not be so tortured that it doesn't taste good. These open sandwiches, bonnet style, measure up because they are a delightful flavor combination. The "brims" and "crowns" of our edible sailor-hats are made of cream-style cottage cheese seasoned with lemon juice. Cucumber slices give height to the "crowns" and the bonnet "trimming" of water cress sprigs and colorful berries are plain perky.

These bonnet sandwiches are fun to serve during the Easter holidays, perhaps for a one o'clock luncheon or a four o'clock tea. Grownups will enjoy them as much as teen-agers and small fry.

They also are amusing to serve as an hors d'oeuvre for Easter dinner and, if you like, you can easily cut the recipe in half to make just eight of these appetizers.

EASTER is a natural time for showing off your culinary talents. And what better way to do it than with these Easter bonnet sandwiches, which are as tasty as they are cute?

Or make them part of an Easter day supper buffet that features ham because the cottage cheese and cucumber flavors are fine with that meat. What else would go on the buffet table? We might choose a hot potato puff and a salad of broccoli or green asparagus. Dessert could be a sponge-cake roll with an orange filling and a topping of whipped cream; or a meringue filled with a tangy lemon cream.

EASTER BONNET SANDWICHES

Ingredients: 1 carton (8 ounces) cream style cottage cheese (small curd), 2 teaspoons lemon juice, salt, 20 slices bread, 2 drops yellow food color, 2 drops green food color, 2 drops red food color, 16 slices unpeeled cucumber (about ⅛-inch thick and 1½ inches wide), 16 small sprigs watercress, 24 raspberries or blueberries.

Method: Beat cottage cheese to make as creamy as possible, add lemon juice and a dash of salt. Cut circles from 16 bread slices, using a 3-inch cookie cutter. Cut 4 circles from each remaining 4 bread slices, using a 1½-inch cookie cutter. Divide cottage cheese mixture into 4 equal parts and add one color to each of 3 parts, leaving fourth part white. Spread 4 large and 4 small circles of bread with each color of cottage cheese mixture. Place a cucumber slice in center of each large bread circle. Top with small bread circle spread with same color of cottage cheese, placing them with their spread sides up. Decorate "bonnets" by arranging a watercress sprig and 3 or 4 raspberries or blueberries on one side of each hat. Makes 16 servings.

Maryland Claims Few Important Happenings

ANNAPOLIS, Md. (AP) — Officially, there's not much new in Maryland — except for a bridge dedication and construction of a harbor tunnel — since the Battle of Monocacy July 9, 1864.

The state's latest official information pamphlet, though bearing a portrait of a new governor elected only last November, lists the bridge and tunnel as noteworthy events of the 20th Century.

The Hall of Records list says seven important events occurred in Maryland in the 16th Century, 12 in the 18th Century and nine in the 19th Century.

PRACTICE PAYS

ENID, Okla. (AP) — Capts. Tom Davis and Howard Everhart spent the afternoon simulating forced landings in their Air Force plane. Shortly before they had planned to land, the T28 trainer developed engine trouble and they landed in a wheat field. Neither was hurt in what officials said was a perfect emergency landing.

Executive Job Often Hinged to Wife

By The Associated Press

A bright young executive recently signed a five-year contract, at a large salary, to become vice president in charge of sales for an old and well established firm located in a small Midwestern community.

The young executive, however, did not give up his New York apartment nor did he move his attractive wife and two children to a new home close to his job. Instead, he chose to commute back to New York for weekends with his family, and set up bachelor quarters near his office in which he lived the other five days of the week.

—:—

"THIS PROVED he was really bright," remarked the head of the executive recruitment firm which had placed him with the company. "He liked the job, he liked the money, but he had met the top officials of the firm and their wives—and he realized that the presence of his own wife in the community would mean nothing but trouble for him."

Mrs. Executive, however, neither ate with her knife nor turned abusive on her third martini. She was, in fact, attractive, extremely chic, well-read, a charming hostess and considered very witty.

"The social life of the company officials and their wives was as carefully organized as that of an Army post," continued the placement man. "The president and his top executives were all self-made men who had married young. Their wives were older, comfortable—and not the least bit sophisticated and smart. They would have loathed—and been frightened by—our man's wife. They wouldn't have tried to compete with her, but they could have and would have made things so difficult with their husbands that her husband wouldn't have lasted a year in the job.

—:—

HIS ARRANGEMENT is working out beautifully. During the week, he keeps up his social end—and everybody loves having an extra man for dinners. He is doing a splendid job and he apparently is reconciled to weekly plane trips."

The bright young executive actually pulled a reverse switch on what is gradually becoming standard operating procedure in employment offices. In many, if not most, of the higher echelons of hiring, the little woman is getting almost as close a scrutiny as her husband before a firm job offer comes through.

Because more and more businesses think of themselves in family terms, it is often no longer enough that John Jones, candidate for sales manager, is ideally equipped for the job. A yardstick usually quietly but sometimes obviously — is more and more frequently being used to measure Mrs. Jones as the prospective sales manager's wife. Is she a good hostess? How is her English? Are her clothes in good taste? What kind of a home does she run? Is she a nag, a hypochondriac? Is she catty, a gossip, a potential trouble-maker?

—:—

IN THE NATION'S business community, where today's trend is toward bigger and bigger organizations, employers often are enlisting the help of psychologists and psychological tests to cue them on a man's abilities and potentials. No longer is it enough for a position-seeker to turn up for an interview with an employer dressed in his best blue serge suit and white shirt. Today he is likely to sit down to a long test which is designed to reveal whether he is happy, adjusted, stable and would fit into a company pattern. And because a man's private life and his home life are increasingly considered to be part of his business life, his wife is often required to submit to some probings, too.

The move toward the psychological testing of prospective employees has in recent years come under sporadic fire from critics who hold that such tests in many cases constitute an invasion of privacy, that the tests themselves were originally developed for clinical use and contain many questions more nosy than useful, and that results often prove more about the adjustment of the person who grades the test than about the subject.

COL. JOHN . THAYER
Plans To Retire Saturday

Col. J. M. Thayer Will Leave Army, Served 20 Years

Lt. Col. John M. Thayer, special assistant to the commanding officer of the Marion Engineer Depot, will retire Saturday from the U.S. Army after more than 20 years of active service.

Announcement of his retirement was made today by Col. John F. Phelan, depot commander.

Col Thayer came here in August 1953 as executive officer. In 1956 he was on special assignment in Viet Nam. The following year he was sent to Cambodia as an instructor to the Vietnamese and to the Cambodian Armies in engineer depot operations.

A native of Grafton, W. Va., Col. Thayer attended West Virginia University in Morgantown and was graduated from Fairmont State College in Fairmont, W. Va., with a B A. degree in 1931. He taught in West Virginia and Maryland high schools before joining the service.

He entered active military duty in May 1935, serving two and one-half years at Ft. Missoula, Mont. He left active duty for a time but returned in 1941 when he was assigned to the Engineer School at Ft. Belvoir, Va. He has been on continuous active duty in this country and overseas since that time.

From June 1944 to November 1945, he was assigned to the African Middle East Theater with duty in Egypt. During this time he was commanding officer of U.S. Army troops in the Port of Alexandria, Egypt.

His last assignments before coming to the depot were as deputy commander of the Hawaiian Engineer Depot and as assistant director of logistics in the Pacific there .

Col. Thayer is a member of the Marion Kiwanis Club and has been active in various charity drives. He is married and the father of a son and daughter, both of whom attend West Virginia University.

He and his wife will make their home at 28 Chatham Rd., in Columbus upon his retirement.

German Choir To Sing At Heidelberg College

TIFFIN — The Heidelberg University Chorus of Germany will appear at Heidelberg College's Selberling Gymnasium March 9 at 7.45 p.m. Admission will be free.

The friendship that has existed so long between the similarly named institutions thus finds its culmination in this musical opportunity for students from Germany to meet those of the Tiffin college. A reception is planned for the visiting German students by members of the Heidelberg College Concert Choir. This depends upon the arrival time of the visiting chorus which is ending a tour that has brought the German students to location in approximately 20 states.

Grand Jurors In Morrow To Hear 13 Cases

MOUNT GILEAD — The Morrow County grand jury will convene Tuesday morning to consider at least 13 criminal cases. Prosecuting Attorney Gale B. Weller said the session probably will last two days.

He said secret indictments will be sought against seven fathers on charges of non-support.

Among defendants whose cases will be considered are:

James Maple of Marion and George Sparks of Cardington, both charged with breaking and entering.

William H. Leach of Portsmouth, charged with larceny by trick, and Robert Toman and Charles R. Taylor, charged with larceny.

Frank Miseta of Columbus, accused of passing in a no-passing zone; John and Agnes Harsaney of Mount Vernon, charged with selling mortgaged property, and James Lewis of Mount Gilead who faces a non-support charge.

Whirlpool Reports Increase in Sales

Net sales of the Whirlpool Corp. increased during 1958 but net income after taxes declined, the company's annual report to its stockholders discloses.

Net sales totaled $404,628,433, the report noted.

Sales in the previous years totaled $402,322,212.

Based on net income of $10,173,597 (after taxes) last year, the company paid dividends of $1 per share of common stock and $3 40 per share of preferred stock, according to the report.

Income after taxes in 1957 was $10,591,570 and this paid dividends of $1.40 per share of common and $3 40 per share of preferred stock.

At the end of 1958, the company had 12,538 common stockholders and 2,456 preferred stockholders compared with 12,431 and 2,570 respectively, at the end of 1957. Employment at the company's plants totaled 13,804.

Crawford Health Unit Re-Elects J. M. Wiley

BUCYRUS—J. M. Wiley of near Crestline was re-elected to a five year term as a member of the Crawford County Health Advisory Council at its annual reorganization meeting here this week.

A feature of the meeting was presentation of the annual report of the county health department. Employes of the department examined 39 pre-school children with 254 booster inoculations and 305 vaccinations for smallpox being given. Eighty-three admissions, 177 visits and 880 inspections by nurses were carried out in the nursing service line, and 872 teacher-nurse conferences were held, the report explained

A total of 1,137 tests for vision and 700 for hearing were made in schools. During the year, 1,346 services were provided in the field of sanitation, including a number of inspections of semi-public and private water supplies, private sewage disposal systems, inspections of schools, camp, trailer parks and swimmnig pools.

Other board members are Dr. J. A. Agnew, Crestline, Arthur Meck, T. W. Thatcher and Kenneth W. Snyder.

Postal Exam Scheduled

MOUNT GILEAD—The U. S. Civil Service Commission announced today that applications for an examination for rural carrier with the Mount Gilead Post Office will be accepted until March 24. The vacancy was created by the death last fall of Peres Zeigler.

Some Ideas on How To Stop Smoking

"Dear Dr. Molner: I am a girl of 15. When I was younger I had a bad case of virus pneumonia.

"I also smoke. I know it is bad for me, but I just can't stop. Could you give me some advice that would help me?—J."

Dr. Molner

One method, not widely known, which I think has merit, is based on the studies by a doctor who noticed that most people seem to breathe rather shallowly just before they have an urge to smoke.

So, when you feel like reaching for a cigaret (since you are a girl of 15 I suppose I can omit cigars and pipes, eh?) take several deep breaths. Get your lungs breathing deeply.

This doesn't mean that you can do it once and feel that you've done your duty for the day! Do it EACH time you feel tempted to reach for a smoke.

Of course the best way to stop smoking is to make up your mind that you really want to. Sure, I know! You tell me that you are "just dying for a smoke." You've doubtless read about people who were ship-wrecked, or lost in the wilderness on a hunting trip, or after a forced landing in a plane. There have been vivid and detailed accounts of such experiences, but I can't remember anybody mentioning the lack of tobacco as a great hardship. Can you?

—:—

IF YOU DON'T have 'em, you can't smoke 'em. So just don't carry cigarets with you, and don't accept them from other people, if you really want to stop.

Some people have found help by cutting the number they smoked in half every few days, or every week or so.

But the most successful stoppers I know just decided to stop. They threw away whatever they had left over, and that was that.

Between you and me, I don't think you can have acquired such a very persistent habit at the age of 15. Do you? If you'll just cut out tobacco completely for two weeks, and then decide to stay off for another two weeks, you'll have "kicked the habit," and a happy 16th birthday, young one!

"Dear Dr. Molner: Would you generally consider a 17½ year old girl mature enough to marry and have children? I have had all four of my wisdom teeth for almost a year now, and act much older than most of my senior classmates. Also I matured physically very early.

"I have always felt grown up but after last summer I really began feeling much more adult in my thinking and attitudes. However, one thing kind of prevents me from thinking I am fully matured, because my face continues to break out after seven years of complexion trouble because my skin is so oily. Do you think this would be important enough for me to postpone marriage for a couple of years?—C.M."

Well, I'll tell you. Why don't you wait a couple of years and see whether the complexion doesn't clear up. It's likely to do so in the latter teens, and anyway, at 17½ you don't have to worry about being an old maid. Have fun for a while yet. You'd be surprised how many dishes and diapers there are to wash after you are married, and many a girl of 19 or so, who married early, cries in the sink and says, "Why didn't I wait?"

—:—

"Dear Dr. Molner: My neighbor and I both have a medium size bunion on one foot only. It's a hassle buying shoes as we must buy them larger to accommodate the one foot. Being youthful, we like the dressier styles, but find most of them painful and too narrow.—Mrs. L. and Mrs. E."

Tight shoes and flat feet are the cause of bunions. In milder cases proper use of arch supports and adequately fitted shoes may suffice. Once a bunion is large, surgery usually is necessary. Boil my advice down to the kernel and you'll see that I'm saying: Sometimes vanity has to yield to mundane practicality.

—:—

Are you a victim of "vitamin starvation?" To make sure that your diet always contains proper food, write to me in care of this newspaper for my pamphlet, "Vitamins—Alphabet Of Health," enclosing a large, self-addressed, stamped envelope and 5 cents in coin to cover handling.

Dr. Molner welcomes all reader mail, but regrets that due to the tremendous volume received daily, he is unable to answer individual letters. Readers' questions are incorporated in his column whenever possible.

Russians Lose Ground

Agreements on Cyprus, Suez Issues Help Allies

WASHINGTON (NANA) — Nikita Khrushchev's back-and-forth verbal gymnastics during the visit to Russia of Prime Minister Macmillan have largely obscured two developments greatly favorable to the anti-Communist cause.

First, Britain and Egypt have formally resumed relations, both diplomatic and economic, after a three-year break begun by Gamal Abdel Nasser's seizure of the Suez Canal and intensified by the abortive British - French - Israeli attempt to reverse that action by armed force.

Second, the Island of Cyprus has finally attained political independence with two effects greatly important to the NATO Alliance for defense of Western Europe and the Near East against Communism.

Britain has gained undisputed title to naval and air bases on Cyprus, its last remaining military stronghold in the eastern Mediterranean. And a savage feud between the United States' two most important Middle East allies, Greece and Turkey, has been amicably resolved.

—:—

THE BRITISH-EGYPTIAN settlement is peculiarly a triumph for the Eisenhower administration which, from the day the Suez fighting ended, has labored without stint to bind up the resultant wounds.

American cash and know-how combined to clear obstructions from the Suez Canal many months earlier than had been generally predicted. And settlements of first French and then British claims resulting from the Canal seizure were negotiated by Eugene Black, American president of the World Bank.

The British - Egyptian settlement is the more important in that it comes at a time when Russia, from wholly unrelated causes, has been losing favor in Egypt and most other Arab countries.

The Egyptian press, after three years of attack on the United States and Great Britain for oil-lubricated imperialism, just now is directing its assaults against Russia and Iraq.

The Russians were charged with tolerating, if not engineering, the immigration of several thousand Romanian Jews into Israel. Because the Arabs fear a population-packed Israel might burst its borders, they have pressured Russia into promising that the immigration will cease.

—:—

THE CAIRO PROPAGANDA machine also is accusing the new Iraqi government of subservience to Communism.

When the revolution last July eliminated the pro-British and pro-American government of King Faisal and Premier Nuri Es-said, it was generally assumed that the succeeding regime would fall in with Nasser's plan for Arab unity. However, the new Iraqi ruler, Gen. Abdul Karim El - Kassem, has grown steadily away from cooperation with Nasser and latterly has seemed to be drifting instead toward reliance on Communists, including acceptance of military assistance from Russia.

American experts have no doubt as to prime Minister Kassem's distaste for any knuckling down to Nasser. But there is less acceptance of the notions either that Kassem is trending toward Communism or that he is anti-Western.

Kassem's main source of government revenue still is his nation's oil production, conducted mainly by the British. Until now that relationship has continued without visible conflict.

The British and American governments are at least hoping that Kassem's cozying up to Russia is mainly for the purpose of scaring off aggression by Egypt. And the Anglo-Saxon oil merchants are doing their level best to keep the Iraqi ruler financially content.

Foremen To Meet

The Marion Engineer Depot Foremen's Club will visit the Whirlpool plant Friday night. A plant tour, starting at 8 p.m., will be followed by a business meeting in the plant cafeteria. Then the group will return to the depot for a social hour. Arrangements were made by James Williams of the depot and William Greenhill of Whirlpool.

TRUMAN AT CONFERENCE. Former President of the United States, Harry S. Truman (right), spoke a few serious words with University of Missouri President Elmer Ellis when he was in Columbia, Mo., for a meeting of the Missouri Police Chiefs Association. He consented to say a few informal words to the last session of the World Press Congress. (UPI Telephoto)

Run Over by Bulldozer

COLUMBUS, Ohio (AP) — Donald H. Perkins, 4, of suburban Upper Arlington, was run over by a bulldozer Wednesday and crushed into soft earth. The boy, paralyzed from the waist down, is reported in critical condition today at White Cross Hospital. The bulldozer was grading a terrace at a nearby home.

SNOWED IN

MILWAUKEE (AP) — The first in a series of free ski lessons offered by the county park commission was called off. Too much snow.

KEEP THE CHANGE

HOPE, Ark. (AP) — "Mister, I sure would like to contribute to the offering but all I have is this $18 check," said a stranger plaintively to a Hope Church usher. The usher obligingly accepted the check and handed the stranger $15 in change from the collection plate. The check bounced.

De Gaulle's Hand Seen

Renault Plans To Open Auto Factory in Algeria

PARIS (NANA)—Renault, maker of the internationally successful "Dauphine" car, will establish a plant in Algeria in response to the De Gaulle government's plea to French industry to establish itself in the strife-torn North African territory.

The decision of the thriving auto firm to risk capital in Algeria is the most substantial triumph yet in the official campaign for the "industrialization" of the region. Though Renault is state-owned, it is denied here that government pressure was employed. The largest French producer of cars, Renault is run in a highly autonomous fashion. Normally, the government has no say in its technical or financial operations.

According to Delegate - General Paul Delouvrier, President De Gaulle's chief civil representative in Algeria, 50 French industrial firms have decided to set up major branches in the territory since the government's economic expansion plan was detailed last fall in De Gaulle's so-called "Constantine Program." Another dozen are said to be awaiting official approval for the move.

—:—

RENAULT IS THE first auto manufacturer to cross the Mediterranean, but some large chemical and metal works companies are among those who have responded. French experts estimate that the value of the plant investment they will make by 1960 will be about $20,000,000. Tax and loan inducements offered by the government mean that it will foot approximately half the bill.

The long-term program does not envisage large-scale transfer of European workers from the mainland since its chief objective is to provide a minimum of 400,000 jobs for the chronically underemployed Moslem population.

The Constantine Program has a political aspect easily as important as its economic one. The former is two-pronged.

—:—

DE GAULLE, in effect, has put it up to French industry to decide whether it is willing to make big expenditures in order to further French claims to Algeria. This is at a moment when demands for capital in other sections of the economy are growing.

At the same time, De Gaulle is using his economic expansion plan to demonstrate to the Algerian rebels two main points: first, that France has no intention of abdicating its interests in North Africa, whatever the final political solution may be. Second, he is employing it as a graphic illustration of the fact that Algeria cannot do without major French economic assistance.

Tryouts Slated Sunday For Local Guild's Play

Tryouts for "The Tender Trap," the next play to be presented by the Players Guild of Marion, will be held Sunday at 2:30 p.m. at the City Hall. Readings for parts in the play are open to anyone interested and no previous theater experience is necessary.

Shelton Williams, president of the Guild, announced April 17 and 18 as the dates for the presentation of the play. Miss Lois McConahy was named director and Ward Scott was named in charge of production for the three-act comedy.

Killed Near Ashland

ASHLAND, Ohio (AP)—Ashland County recorded its first traffic fatality of the year Wednesday with the death of Walter Worst, 65, of West Salem, in a truck-auto crash on U. S. 42 just outisde Ashland. The Ohio Highway Patrol said Worst's car crossed the center line into the path of a pickup truck.

DESSERT LUNCHEON at 1:30 will precede a business meeting and program when the House and Garden Club of the Marion Garden Center meets Friday at the home of Mrs. H. R. Neighbours at 390 S. Greenwood St. Miss Elizabeth Ammann, president, announced a board meeting for 12:45.

An auction of baked goods and other articles brought by the members will be a feature of the afternoon. Speaker for the program will be Calvin Oborn whose subject will be "Improved Varieties in Garden Plants." Members of the social committee will be in charge of the luncheon.

—:—

Dinner preceded a demonstration of kitchen appliances and equipment and also a program when members of the Iota Delta Study Club of the Child Conservation League met Monday evening at the Probst Supply Co. on W. Center St.

Hostesses for the evening were Mrs. Dana Kirts and Mrs. Billy Craven. In charge of the dinner was Dana Kirts, sales promotion manager for Probst, assisted by Bruce Johnston, kitchen designer with the company. They conducted the demonstration.

Guest speaker for the program was Dr. Donald Worpell, psychologist at the Marion County Mental Health Clinic.

Mrs. John Werbel was welcomed as a new member. An announcement was made of the spring conference to be held April 15 in Upper Sandusky. Winner of a contest award was Mrs. Robert Castner. The next meeting, April 6, will be with Mrs. Richard Taylor on Pennsylvania Ave.

—:—

Mrs. C. W. MacKenzie was a guest when the Research Club met Monday afternoon with Mrs. C. J. Watrous on E. Center St. Mrs. A. M. Hornby presided for the meeting which was opened with meditation by Mrs. F. L. Carhart, and memoers gave current events in response to roll call.

For the program, Mrs. Watrous reviewed the first part of the book, "When God Says No." by Margaret Blair Johnston. She will present the second part at the next meeting, March 16, with Mrs. J. F. Neidhart.

—:—

Mrs. Victor Tron served as hostess when the Ben Hur Club met Monday afternoon in the Women's Club Home. Mrs. John Monk presided and Mrs. Charles Melvin conducted devotions, reading scripture from the 29th chapter of Proverbs. She also gave favorite Bible verses of several presidents of the United States.

A letter of appreciation from the CARE project in Mexico for the club's donation of $15 was read. Mrs. Jacob Bolinger gave a report on cards sent to members who are ill and also for special occasions. Mrs. William Burley, program chairman, urged members to get their topics in for next year for the new programs, and Mrs. F. E. Fox gave a report of the trustees meeting. Mrs. John Monk gave a report from the federation meeting on special events to remember.

The program, in charge of Mrs. Burley, included a paper, "Thoughts Are Things" by Mrs. George Smith, a contest conducted by Mrs. Frank Brabson and won by Mrs. Monk, and another contest in charge of Mrs. W. R. Larson. The Lord's Prayer closed the meeting. The next meeting, March 16, will be at 2 p.m. at the Ohio Fuel Gas Co. office.

—:—

Guests were Mrs. M. L. Harruff of Marion and Mrs. Lottie Bowen of Dayton when Mrs. A. J. Yanka entertained the Wide Awake Club in her home on E. Farming St. Tuesday afternoon. High score was won by Mrs. Joseph Slagle; second, Mrs. John Finn; lone hand, Mrs. Sadie Violet, and consolation, Mrs. William Britton. The next meeting will be in the home of Mrs. Violet on Rt. 30 west.

—:—

In honor of the 90th birthday anniversary of Mrs. Alice Whitman which occurred on Feb. 28, members of her immediate family gathered at her home in LaRue Sunday.

Those present were Mr. and Mrs. Walter Ohler, with whom she makes her home, Mrs. Chester Kurtz, Carl Whitman and son, John Spencer, of Columbus, Mr. and Mrs. Kenneth Norton and family, Harold Wittibslager and Mr. and Mrs. Earl Thatcher, all of Marion.

Other visitors came during the day and among the many cards received by Mrs. Whitman was one from Mrs. Mamie Eisenhower.

—:—

Plans were made to visit the Magnetic Springs Foundation for dinner and tour of the buildings in April when the Wesleyan Service Guild of Prospect St. Methodist Church met Tuesday night at the church. The visit will be for the next meeting, April 7, and reservations are to be made with Miss Marie Bender, chairman of the Christian social relations and local church activities committee, or Mrs. Jim Harris.

The pledge for mission work for the next year was made and a report of the Lima District Guild cabinet meeting held last Sunday in Kenton was given by Miss Della Owen. Plans were made for several members to attend a special Lima District Guild meeting on March 18 at Trinity Advance Methodist Church in Lima. Speaking at 7:30 p.m. will be Dr. Glora Wysner who will talk on conditions in the Middle East. Her responsibilities with the Foreign Missionary Conference have taken her on repeated and extensive journeys through North Africa, the Near and Middle East and Asia.

A thank you note from the Marion County Children's Home for bicycles donated by the Guild at Christmas was read. Dresser scarfs to be hemmed and trimmed for the McKelvy Hall in Columbus, a Guild project, were distributed to the members and are to be returned at the next meeting. Miss Mary Mehaffey presided for the meeting.

The devotional service and program, in keeping with the Lenten season, were combined and conducted by Mrs. Emerson Dietsch, chairman of the spiritual life committee, and Miss Owen, vise president. The first part of the service, with a picture of "The Last Supper" and lighted candles on the altar, included group singing of "Break Thou the Bread of Life," meditation by Mrs. Dietch, two poems entitled "The Last Supper" read by Miss Owen, and scripture by Mrs. Dietsch from the 22nd chapter of Luke and the 75th Psalm.

As a picture of Christ kneeling in Gethsemane was placed on the altar, Mrs. Kenneth Hecker played at the piano a passion song, "Into the Woods," and recordings of "The Old Rugged Cross" and "Were You There?" were played.

"Making Melody for Christ" was the theme for the third part of the program. On a diagram of a staff of music, notes were placed, each one standing for something in our work for Christ. A song by the group closed the service.

Refreshments in keeping with St. Patrick's Day were served by the hostesses, Mrs. Esther Mercer, Mrs. Donald Seiter and Miss Mehaffey.

—:—

Reports of completed projects were heard when the Friendship Club met Monday evening in the home of Mrs. David Weaver on Park St. Money and clothing have been sent to the Rev. Harry Stanley in Haiti, gifts and clothing also to the Flat Rock Children's Home at Flat Rock, O., and baskets of food taken to needy families. New projects were discussed. To open the meeting Mrs. Orlie Weaver read Psalm 24 and prayer was by Mrs. Fred Hardesty. Singing was by Debbie, Sharon and Patty Weaver. Contest prizes went to Mrs. Ruth Oiler and Mrs. Hardesty. Mrs. Orlie Weaver assisted in serving. The next meeting will be in the home of Mrs. James Smart on Woodrow Ave.

Miss Mary Hollanshed

The engagement of Miss Hollanshed to John Ward is announced. Details are in the Social Notebook.

—:—

In euchre, high honors and the lone hand award went to Mrs. Marie Collins, second to Mrs. Eiseman, third to Mrs. Tony Simpkins and fourth to Mrs. Wilson Orr. Receiving a special prize was Mrs. Blanche Moore. Hostess for the next meeting, March 18, will be Mrs. Orr.

—:—

Dessert luncheon preceded the meeting when the Current Topics Club met Monday with Mrs. John Probst at 579 Mt. Vernon Ave. Mrs. Robert Algie was co-hostess and they were assisted by Mrs. J. Edwin Probst.

Mrs. Fred Dutt, president, presided and the meeting was opened with the club collect by the group. Fourteen members gave current events in response to roll call. Announcements were made of a federation rummage sale to be held March 12 and 13 in the Eagles building and of a district meeting at Loudonville on March 5. Plans were made for a club guest day party to be held Tuesday, March 31, at Hotel Harding.

For the program, Mrs. R. T. Faute presented Mrs. James Ralston who gave the topic, "Operation Seaway."

—:—

Canasta was played with high scores at each table going to Mrs. Harry Cline and Mrs. William Hawkins when the Johnson St. Club met Monday evening at the home of Mrs. Eugene Baer. Receiving the consolation prize was Mrs. Lowell Seigley. The hostess gift went to Mrs. Hawkins.

The next meeting will be at the home of Mrs. Wilbur Wittred.

Rev. Labat To Speak At Luncheon on Friday

The YMCA's Lenten luncheon series will continue Friday noon at 12:05 p.m. with the fourth presentation of the current program by the Rev. Stewart Labat, rector of St. Paul's Episcopal Church.

He will speak on the subject "Which Commandment is Greatest?" in accordance with the series theme, "The Great Questions of the Last Week."

Robert Morrison will provide the leadership for Friday's program and will be assisted by Robert Faulkner and David Jones in musical presentations.

The program will be concluded promptly at 12:55. The luncheon will cost $1 per plate. Persons interested in attending the luncheon program should telephone the "Y" at 2-0144 before noon Friday to insure ample seating.

A total of 161 persons have attended the current series which establishes a new high attendance average for the program "Y" officials said.

-:- Church Activities -:-

Because of plans to attend the Maundy Thursday service at Epworth Methodist Church members of the Margery Mayer Circle will hold the meeting scheduled for that night at the home of Mrs. Edward Hachten following the service instead of at the usual hour it was announced when Mrs. Eugene Baer entertained the group in her home on Johnson St. Thursday night. Guests were Mrs. Willard Kern and Mrs. C. E. Gifford, Woman's Society president. In order to make the size of the circle more in keeping with the number in other circles Mrs. Gifford invited to afternoon circles those able to attend in the daytime. All 21 members were present. Business was conducted by Mrs. Robert Dorfe and a program on illiteracy was by Mrs. Robert Gossard with devotions by Mrs. Norman Beidler. Mrs. Louie Cummins assisted the hostess.

—:—

Plans are being made by the Alpha Delta Class at Central Christian Church to send $25 to a missionary project, Capital for Kingdom Building. Discussion was held when the group was entertained at the church Thursday by Mrs. Thomas Babcock and Mrs. Charles Goodspeed. Miss Luella Scholl was a guest. Devotions were by Mrs. Edwin Merrell on "Faith To Live By." Honors in contests went to Miss Dorothy Buckley and guessing box award was won by the pastor, the Rev. C. Edward Weber.

—:—

Roll call was answered with the names of their childhood Sunday School teachers when members of the Green Camp Methodist Golden Rule Class met Monday night in the church parlors. Adding CHARM to YOUR Home
BASIC SIMPLICITY
Good taste and simplicity go hand in hand. To this we might add good sense, for it is indeed good sense to insist on simplicity of line and design when you select your "basic" pieces like sofas and lounge chairs. These pieces represent a major portion of the expense of your living room furnishings. In all probability you'll live with them for a long time.
If they are basically simple — of timeless design — and well constructed, they will be at home in any style room today, and will also fit well with the fresh decoration schemes of future rooms.
Neutral colors, like the grey and beige tones, give greater leeway for changing room colors . . . they take kindly to brilliant color accents — pillows, pictures and accessories.
A monochromatic (one-color) scheme of sand-dune beige makes the inviting Contemporary room sketched above appear larger than it really is. Two lounge chairs and a square mahogany lamp table form an important corner group, and act as a balance offset for the large sofa and circular coffee table.
Here is truly a room of today furnished with basically simple pieces that will be equally at ease in a room of tomorrow.
There's news in floor coverings today! Good news! You'll love the deep, luxurious pile, the subtle and vibrant colors of our new wool broadloom rugs and carpeting. Standard size, room-size rugs and carpeting by the yard. Wilton weave broadloom, all wool.

ANSWERS YOUR PROBLEMS

Dear Ann: My wife and I have been happily married for 12 years. We have four fine children, own our own home and everything in it. The trouble is my wife is too big-hearted. She is always giving things away.

Around Christmas she heard of a family with seven kids who didn't have any heat in the house because the furnace had fallen apart. She took the money she'd been saving all year for an automatic washing machine and bought these total strangers an oil burner.

She bought shoes for two kids who live near our place of business — just picked them off the street, you might say, and bought them each a pair of oxfords, along with our own kids. I told her this was nutty but she just laughed and said it was "more fun than a picnic."

We are not rich people, Ann. Do you think perhaps her generosity is caused by a hunger to be loved? Maybe she's a little "sick, sick, sick" (as you say). — DICK.

-:-

Dear Dick: Now don't go dragging Freud into it and spoil everything. We ALL want to be loved. The human is a complicated animal motivated by countless drives.

Quit trying to psychoanalyze your wife. She sounds like a wonderful woman who knows how to get fun out of life. And she's the one who will have to use the old washing machine, so what are you complaining about?

Innocent Babes

Dear Ann: We are three 15-year-old girls writing about six people who need educating — our parents.

They want to keep us babies all our lives. We three live in the same block and we like to walk uptown after dinner to see what's cookin'. Usually we are home by 9:30 p.m. Sometimes we stop in the drug store but mostly we just look in store windows and talk to the kids we bump into. We've met some swell guys and gals this way.

Just because one of the fellows got into a little misunderstanding with the police, our folks say we can't take evening walks any more. Please remember we are nice girls and have never been in any trouble. We think our parents are unfair and we are depending on you to set them straight. — COOPED-UP TRIO.

-:-

Dear Cooped: Glad to hear you're "nice girls" and that you've never been in any trouble. I suggest you listen to your parents and knock off the evening strolls while you can still make these statements.

Fifteen-year-old girls belong at home after dinner. The social contacts you'll make "looking in store windows" and hanging around drug stores can't be much good. If you three value your reputations, stay off the streets and don't cultivate sidewalk friendships.

On Marriage-Go-Round

Dear Ann: What do you do when you're in love with a man you can't possibly have? I'm 23, not bad to look at and can get plenty of dates. Fellows my own age bore me silly.

It's always my rotten luck to fall for a man who is married. Right now I'm head over heels in love with my boss, and I don't stand a chance. He's married and has made it perfectly plain he intends to stay that way.

I've been in this same spot at least five times since I got out of high school. Why is it I keep running into these blank walls and blind alleys? Do I need a wig-picker or just a swift kick in the bustle? Please help me.—MARDI.

-:-

Dear Mardi: People who repeatedly get themselves into situations they know will be painful and punishing may need a wig-picker.

If, however, married men attract you because they offer more of a challenge — and are safe bets not to press matrimony — I advise you to grow up. The toy which is just out of reach is always the one the baby finds most attractive. After he gets it, it means nothing.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Marion Star, enclosing a stamped, self-addressed envelope.

CD Hospital Equipment Scheduled for Morrow

MOUNT GILEAD—A complete 100-bed Civil Defense hospital unit will be received in the county soon, according to Robert Slagle, superintendent of the Morrow County Hospital.

Mr. Slagle said the unit will be stored at the hospital for emergency use. Included will be beds, an emergency power generator, a 1,500-gallon water tank, water pump, portable X-ray unit, medicines, bandages and other equipment necessary to run a 100-bed hospital.

PRINCESS IS 21. Princess Beatrix, heiress to the Dutch throne, celebrated her 21st birthday recently. She is a third year student at Leydan University.

Mount Gilead Fills 2 Recreation Posts

MOUNT GILEAD—Hartsell Dodrill was named recreation director and Dave Letizia was named assistant recreation director and pool manager when the Mount Gilead Recreation Board met this week. Both are members of the Mount Gilead High School coaching staff.

Applications are still being received for other positions at the pool including four lifeguards and a cashier. The next regular meeting will be March 26 but the group may meet sooner, Richard Behrend, president of the recreation board, said. Additional hiring probably will not be completed until April, he said.

The board discussed policies and pool repairs. The board has staked out the recreation area and figured out tile requirements for proper draining. The board now is interested in obtaining bids for purchasing, hauling and rolling of stone.

RUNS IN THE FAMILY

ELROY, Wis. (AP) — Dawn Marie, a recent addition to the John F. Weger family was born on a Monday. So were her four brothers and sisters.

Lodge Activities

Joint installation of officers of the Cooties and Cootiettes was held Sunday at the VFW Club Home south of Marion. Presiding as installing officers were Mr. and Mrs. Charles Briner.

Officers of the Cooties are Claude Van Horn, seam squirrel; Norval Foreman, blanket bum; Robert Sheppard, hide gimlet; John A. Lindesmith, custodian of the crummy duffle bag; Karl Hawkins, shyster; Phillip Simon, sky pilot; Gale Stewart, historian; Peter Martinez, pill pusher, and Robert Briner, Chester Dye and Albert Neidenfuhr, tight wads.

Installed as officers of the Cootiettes were: Mrs. Delsia Baker, chief grayback; Mrs. Vivi Uline, lady louse; Mrs. Ruth Coburn, baby louse; Mrs. Dema Neidenfuhr, pious louse; Mrs. Claudine Griffith, scratcher; Mrs. Dorothy Briner, shekel keeper; Mrs. Genevieve McKinney, crummy chaser; Mrs. Ann Fausnaugh, louse hunter, and Mrs. Adah Severns, Mrs. Fern Briner and Mrs. Esther Burgess, tight wads.

Dinner was served to 23 persons following the installation. The next meeting of the Cootiettes will be March 12 at 8 p.m. at the Club Home.

Youth Activities

BOY SCOUTS

Advancement awards were presented when Boy Scout Troop 15 of the Emanuel Lutheran Church met Saturday night at Camp Owens in a potluck supper with their parents. Seventy persons attended.

Presented tenderfoot badges were Jerry Knox, Phil Metz, Larry O'Day and Dave Townsend. Dave McKee and Bill Simmons became second class scouts and Steve Morrison and Mike Simmons were elevated to first class.

Special service awards were presented to several leaders and scouts, after which a film was shown. Glenn Dalton, district commissioner, spoke briefly.

Also included on the program were the advancement of colors, pledge of allegiance to the flag, devotions and group singing.

Ike Will Check Flood Control Needs in Ohio

WASHINGTON (AP)—Rep. Robert W. Levering (D-Ohio) says he has received assurances from the White House that it will look into the need for new flood control measures in Ohio. Another Ohio Democrat, Rep. T. Ludlow Ashley, told the House Wednesday he thinks Ohio has been badly shortchanged on flood control activities. He said only 12 flood control projects have been completed, while two others are under construction, from among 76 such Ohio projects given congressional approval in the last 22 years.

Farm Representatives Confer With Robinson

Several Marion County Farm Bureau Federation representatives were in Columbus Wednesday to confer with Rep. Kenneth A. Robinson of Marion and to sit in on a session of the Ohio General Assembly.

In the group were Robert Jones of near Prospect, president of the county Farm Bureau; Mrs. Thomas Steen of Grand Township, county women's chairman; and Kirk Moreland and Mrs. Jack Chambers of Grand Prairie and Montgomery townships, respectively.

DiSalle Program Shapes Up as Proposals Reach Legislature

Rash of Bills Is Submitted To Assembly

Key Tax Proposals Among Near-Record Flood of Measures

COLUMBUS, Ohio (AP)—Ohio's lawmakers are rushing toward today's bill - introduction deadline with a new modern-day record almost assured.

They need offer only 144 proposed laws to surpass the modern record of 1,384 bills submitted two years ago.

Wednesday, 197 bills were introduced, including a number of measures asked by Gov. Michael V. DiSalle, to raise the total to 1,241.

Program Taking Form

The DiSalle administration legislative program began to emerge in the late flurry of bills. The administration tag was hung on such measures as bills to:

Revise the state sales tax to eliminate tax stamps, restore the first bracket of tax beginning at 16 cents, impose the tax on services like transient occupancy of hotel and motel rooms, on laundry and dry cleaning, on entertainment admissions, some club dues and on parking and printing.

Eliminate most rotary funds held within state departments and transfer the funds to the State Treasury. (Rotary funds, generally, represent money collected for services which is held by a department to defray the cost of services. The Legislature has little or no control over these funds.)

Special Boat Licensing Agency

Establish a Bureau of Watercraft in the Department of Natural Resources to license boats. Such licensing now is done by the Bureau of Motor Vehicles.

Create a State Canal Land Authority to sell unneeded canal lands while still keeping a string on the property in case it is needed again.

Another batch which bore the tag "governor's bill" but which are not, at this time, a part of his administration's program, included bills to:

Put state park roads on the state highway system to permit their maintenance.

Increase auto registration fee from $10 to $15 and increase truck and truck trailer licenses 15 to 20 per cent.

Cut the present three - year driver licenses to one year and raise their cost from 75 cents to $2.

Departmental Bills

Also proposed were a number of other bills described as "department" bills including measures to:

Take distribution of poor relief away from Soldiers and Sailors Relief Commission and put the distribution in the hands of the county welfare departments.

Eliminate the present prohibition on Sunday fishing.

Make killing a game protector or park officer first-degree murder.

In still a fourth class was a measure to split the Department of Mental Hygiene and Correction whereby the state industrial schools and juvenile research would remain in mental hygiene. DiSalle has talked of such a change and gives it his blessing if it is found to be workable, Senate Majority Leader Frank W. King (D-Lucas) told newsmen.

In another major development, Sen. Charles J. Carney (D-Mahoning) offered a gross weight tax on trucks as a substitute for Ohio's controversial axle-mile tax on big trucks.

He and the co-sponsor, Sen. Stephen R. Olenick (D-Youngstown) said the gross weight tax would produce 11 million dollars a year—as much or more than the axle-mile tax—and avoid reciprocity battles with other states.

All funds produced by the axle-mile tax now are pledged to retirement of the 500-million-dollar highway construction bond issue approved in 1953.

Will Oppose Repeal

House Minority Leader Roger Cloud (R-Logan) told newsmen he will oppose repeal of the axle-mile tax on grounds the new proposal would abandon the concept that trucks should be taxed according to their use of the roads.

The Senate adopted and sent to the House a resolution asking Congress to refrain from adopting an increase in the three-cent federal gasoline tax. The state is considering an increase in its present five-cents-a-gallon gasoline tax to seven cents to finance future highway building. The vote was 27-1 with only Sen. Ross Pepple (R-Allen) dissenting.

Senators also confirmed unanimously a number of appointments including several made by former Gov. C. William O'Neill. They included Stanley G. Allyn of Dayton as an Ohio State University trustee and former Highway Safety Director Gordon Jeffery of Toledo as a member of the Toledo Regional Board of Review of the Bureau of Workmen's Compensation.

TODAY'S ALMANAC

Sun rose at 7:21 a.m. and sets at 6:21 p.m.

AT GRAND OPENING. Officials taking part in the grand opening of the Marion Plaza Shopping Center this morning are shown here. Pictured (left to right) are Mayor Wendell L. Strong; Richard Langdon, treasurer of the Marion Plaza Association; Peggy Putnam of near Kenton, "Miss Ohio" of 1959, and Bill Spotts, public relations director for the center.

Plaza Shopping Center Starts Its Grand Opening Program

The Marion Plaza Shopping Center on Rt. 95 east of the city was formally opened and dedicated at 10:30 a.m. today when Miss Peggy Jo Putnam, Miss Ohio for 1959, and Mayor Wendell L. Strong joined in a ribbon-cutting ceremony.

Following the brief ceremony, officials of the Marion Plaza Association took Miss Putnam and city and county officials on a tour of the various stores in the center.

Bill Spotts, public relations director for William Cafaro and Associates of Youngstown, owners of the new center, said that a large crowd was on hand for the ceremony.

Other city and county officials on hand for the ceremony this morning were: Safety-Service Director Howard W. Travis, Fire Chief Owen Sifritt and Sheriff Glenn Obenour.

Also attending was John Miller, president of Millers Department Stores of New York.

Officially representing the businessmen in the shopping center were the officers of the Marion Plaza Association—Edward Rush president; Richard Langdon, treasurer, and Mrs. Kay Gerber, secretary.

The grand opening of the new shopping center will continue for nine days from today through March 14 with special entertainment planned for various days.

Miss Putnam will be on hand tonight and Friday from 10 a.m. to noon and 7 to 8 p.m. to meet the public.

Lou Groza of the Cleveland Browns football team will make an appearance Saturday from 2 to 4 p.m. and Jimmy Nelson and Danny O'Day of TV fame will be on hand from 2 to 4 p.m. Saturday, March 14.

All stores and businesses in the center are participating in the grand opening including the Marion Plaza Branch of the National City Bank.

The branch bank, which had its own grand opening on Saturday, Jan 10, is managed by Richard F. Langdon.

The Plaza Branch features the latest in electronic and automatic banking equipment. It has drive-in service, a special "doorless" air door, and many other conveniences for customers.

The bank was uintentionally omitted from a list of businesses in the new shopping center in an article in The Star Wednesday.

Candidates Give Views

(Continued from Page 1)

But he added that "an income tax should not be passed by council as an emergency measure—the people should have the privilege of getting a referendum out."

The mayor said street repair is one of the chief needs of the city at present. "No one has voted any street repair money since 1921. I think the fault lies in leadership—it's not the people's fault," he said.

"It took 50 years to get us in this mess and we can't get out of it in 52 weeks or 104 weeks," he said. He questioned the wisdom of "fixing streets and then tearing them up to install sewers."

Annexation, said the mayor, will be a problem and the outcome will depend mainly "on what residents outside the city want and how well the city's public relations have paid off."

—:—

ASKED IF THERE isn't some way the city can apply pressure to insure annexation, the mayor replied:

"We can't say to those people that we're going to cut off all your services. The people are going to have to bear the first expense of annexation, but if Marion grows we'll all benefit."

In reply to a statement from the audience that extension of the southeast suburban sewer had just about killed any chance of annexing that area, the mayor said:

"I have no argument with you on that. I vetoed all that stuff. When a sewer is less than four feet in the ground—well, if that's right, I'm wrong."

Robert Haldeman, former city councilman, told the mayor he was disappointed because he has not seen any program. "Council has got to have a program before they ask for a tax," he said.

The mayor replied that he has submitted a five-year program covering sewers, streets, parks and recreation and police and firemen's salaries and equipment.

Another former councilman, Louis Conkle, asked the mayor what purpose the administration has in wanting annexation.

"My personal opinion is that it's the only way Marion is ever going to grow and make itself attractive to industry," he replied. "It's too bad annexation has to be asked now; it should have been done 10 years ago."

The mayor said annexation would be no cure-all but that it could provide an answer to the city's traffic problem if the area south of Marion, including Barks Rd., were annexed.

He said Barks Rd. could serve as a cross-over from Rt. 4 to Rt. 23 "and once in the city, the state would have to help build it."

—:—

MR. HALDEMAN suggested that the city should do something about off-street parking. Mayor Strong said off-street parking "is not the city's business. I don't think the city should get into the parking business."

Mr. Haldeman said the first step in a traffic plan should be to establish one-way streets on State and Prospect streets.

"Can we go to all that expense when we don't know what the state is going to do?" asked the mayor. "I say build a bypass around the city," he added.

Mr. Haldeman said he did not think a bypass would be the answer.

"A thousand semi trucks through town daily isn't the answer either," said the mayor.

Early in the meeting the mayor said Marion's real estate valuation is far too low. "I'm convinced the real estate tax should pay fire and police salaries . . . it falls $119,000 short of it in Marion."

During his talk, Mr. Bigelow said a real estate tax could not be used to answer the city's financial problems because the city gets only $18 of every $150 collected. "I'd dread to think how high it would have to be to provide what's needed," he said.

James McKeever, chairman of COPE, presided at the meeting. He announced that candidates from the First, Second, Third and Fourth wards would be invited to speak at a March 18 meeting. The remaining candidates will be invited April 1, he said.

Caryl, Lady Introduce Bills Into Legislature

From Our Staff Correspondent

COLUMBUS, Ohio — Bills introduced in the House Wednesday include:

By Clifton L. Caryl (R - Union) to appropriate $100,000 to provide free polio vaccine for children under 18.

By Joseph E. Lady (R - Hardin) to eliminate autos from definition of "Goods" in trust receipts.

Auto Accidents

Damon F. Furniss, 19, of near Marion was charged with driving left of center after his auto was involved in a sideswipe accident on Marion County Rd. 58 Wednesday night.

State patrolmen said the eastbound Furniss car went left of center to sideswipe a westbound vehicle driven by Carle Columber, 32, of 349 Waterloo St. at 6:10 p.m.

Both cars were badly damaged in the mishap, which occurred one-half mile west of Marion, officers said.

Four accidents, all involving less than $100 in damage, were investigated Wednesday by Marion police. Details were not reported.

Traffic Cases

Six traffic cases were disposed of in Marion Municipal Court Wednesday. They were:

James A. Rinnert, 43, of near Marion, $25 and costs and 60-day suspension of driver's license, reckless driving (reduced from driving while intoxicated); Deward D. Brewer, 42, of near Bluefield, W. Va., reckless driving, forfeited a $50 bond; Ted Roth, 49, of Norfolk, Va., $15 and costs, failure to register a motor vehicle; Louis O. Mahr, 34, of 308 Chicago Ave., $15 and costs, fictitious license plates; Julian H. Walker, 47, of 346 Summit St., $15 and costs (suspended), passing at an intersection, and M. R. Morrissey, 37, of Toledo, $15 and costs, speeding.

Retail Group Names Heads Of Committees

Chairmen and co-chairmen of various committees were appointed at the regular meeting of the Retail Merchants Division of the Chamber of Commerce Wednesday noon at Hotel Harding.

Coming sales promotion plans also were discussed, committee reports were submitted and it was announced that downtown businessmen will be invited to attend a meeting of City Council to further discuss proposed parking changes in the downtown area.

The date of this meeting has not yet been set. It is to be a meeting with Frank Ferneau of Ferneau, Inc., of Columbus. He submitted an offer to make a parking survey for the city at a meeting held last week.

Ferneau, Inc., distributes parking meters, garages and other parking equipment.

In other business during the meeting, all retailers were urged to break their special announcements and advertisements for Easter on Thursday, March 12; a report was submitted on bills pertaining to retail businesses now being considered by the General Assembly, and the plans and aims of all committees were submitted and discussed.

Those appointed chairmen and co-chairmen of the various committees were: promotion, Arthur Crump and Russell Barkalow; education, Gerald Davis; legislation, Samuel Babich and Don Quaintance; practice and policy, Walter Axthelm and Leonard Rentz; finance, John Corwin and Ray Semmler, and public relations, Robert Bintz and Kermit Brown.

Chase Getting Hotter

Bank Robbery Suspect Stays Step Ahead of Law

DAYTON, Ohio (AP)—Calm at times, bold at others, outright nervy when he has to be, Frank Lawrence Sprenz seems to know every criminal trick in his shadowy trade.

He'll very likely need them all in the coming days. If he continues to elude FBI agents and police that long. The 29-year-old bank robber has been spotted in Pennsylvania and his pursuers may grab him there. The chase is bound to end soon. It gets hotter every day.

Sprenz, one of the FBI's 10 most wanted criminals, has managed by his quicksilver sprints through a half dozen states—sometimes by plane, sometimes by auto—to keep a tantalizing step ahead of an army of law officers.

How does he do it? What's his technique?

Clues to Bold Technique

A couple of incidents that came to light, one here and another in Canton, supply part of the answer.

At one point here, he wasn't more than a few feet from police headquarters here and the officers didn't even know it.

The flying bank robber stole a car in Zanesville last Saturday and drove it to Dayton, the FBI reported. A Dayton patrolman found it Wednesday boldly parked in a lot behind police headquarters.

The FBI said Sprenz went from Dayton to Hamilton where he robbed a bank of $25,895 Monday. Then he stole an airplane at Hamilton and flew it to Coshocton where he bought a car and drove it to Canton, the FBI said. There his trail ended—until he was reported in the Altoona, Pa., area Wednesday.

'Paid' With Stolen Car

The elusive Akron robber, in stealing the auto from a Zanesville used car lot, "paid" for it with another stolen vehicle. The FBI said he left at the lot a car he had stolen in Fitchburg, Mass. But first he put the license plates from that car on the one he took in exchange.

The auto agency didn't know it got a car in exchange, until a salesman tried to sell it Wednesday—only to find the agency didn't have the title.

A mysterious man who pulled up in front of a Canton tavern Monday and spirited Sprenz away on another leg of his flight turned out to be a man with a car for sale.

William A. Murphy, agent in charge of the FBI's Cleveland office, said Sprenz found the car by checking the classified advertising pages of the Canton Repository, telephoned the advertiser and had him bring his car to a tavern.

Tells of Transaction

Daniel R. Caldwell, the man who sold Sprenz a 1951 Nash, said:

"This fellow called me . . . and asked me to bring my car . . . to 1102 Cherry Ave. He told me . . . his car wouldn't run."

When he got there, Caldwell went on, Sprenz "asked if he could use my license plates, but I told him that was bad business.

"So he told me to go to 11th Street near Cherry Avenue, where he got out and went across the street. He came back in a few seconds with a license plate and said he had borrowed it from a friend.

"He was very gentlemanly, very calm, and he had a lunch sack and some grease on his face. He looked like any ordinary working man.

"I took him to my house. He helped change the plates. He said he didn't have time to wait for a new title to be made. . . .

"I signed the title over, and he paid me $150 cash.

"The first I knew he was Sprenz was when the FBI came around to my house this (Wednesday) afternoon."

dark blue Buick bearing Pennsylvania license plate 764540. Police said Sprenz was wearing a black leather jacket, blue sport shirt and hunting cap.

State police said he was identified by witnesses through photographs.

"We feel pretty sure it was Sprenz," an officer said.

Police made "continuing checks" at airports in the area and sent alerts to all police in Pennsylvania and neighboring states. They posted a detail at the Lock Haven Airport, where Piper Aircraft, Inc., has a number of light planes.

Bodies of Two Discovered in Virginia Field

FREDERICKSBURG, Va. (AP)—Authorities said today it was virtually certain the bodies of a man and a young girl found Wednesday in a debris-strewn field were those of members of a family missing seven weeks.

Positive identification by facial characteristics was described as impossible. Officers said there was no indication how long the bodies had lain there.

Discovery of the bodies may be the first break in the mysterious disappearance last Jan. 11 of Carroll V. Jackson Jr., 29; his 27-year-old wife, and their two daughters, aged 5 and 1½.

Capt. W. W. Blythe of State Police said the bodies were lying face down with the child's body beneath the man's. The man's hands had been tied behind him with a red tie. The girl's hands had not been tied.

The bodies were believed those of Jackson and his younger daughter. They were taken to a laboratory in Richmond for examination.

The position of the girl's body had led authorities first to believe there was possibly a third body, but there were only two.

The bodies were stumbled upon by two Fredericksburg men near a mound of sawdust two miles west of here.

Jackson, his wife, 27, and their two young girls vanished Jan. 11 as they drove home from a visit to relatives.

Authorities said clothing worn by the man and the girl resembled that worn by members of the Jackson family.

Body of Man Found in River

DELAWARE — Law enforcement officials in Delaware County today were investigating the death of a man whose body was found in a cove along the Scioto River early today.

State patrolmen of the Delaware post were dispatched to the scene, just north of the Franklin County line along Rt. 257, about 9 a.m. today.

They said they were notified of the incident by the Columbus post of the state highway patrol.

The body was later identified as that of Willis Hill, 65, of Dublin.

Surviving are two sons, James Kelly of Mount Gilead and Harold Kelly of Edison; six grandchildren, a brother, Ed Kelly of Cardington, and a sister, Mrs. Bertha McKibben of near Mount Gilead.

Funeral services will be conducted Saturday at 2 p.m. in the Craven Funeral Home in Mount Gilead. The Rev. Harold Chandler will officiate. Burial will be in Rivercliff Cemetery at Mount Gilead. Friends may call at the funeral home.

Frank P. Creger

UPPER SANDUSKY—Frank P. Creger, 94, of near Upper Sandusky, father of Paul Creger, managing editor of the Daily Chief Union newspaper here, died at 7 a.m. today in Wyandot Memorial Hospital.

He had been in failing health two months and was hospitalized Tuesday after suffering a stroke.

Born March 15, 1864, on a farm east of Upper Sandusky where he spent his entire life, Mr. Creger was the son of Jacob and Margaret Disher Creger.

He married Emma Foulke in 1896 in Bucyrus. She preceded him in death on Aug. 31, 1940.

Surviving children in addition to Paul are William R. of Midland, Mich.; Herbert H. of Wooster; David of Wheatridge, Colo., and Miss Grace Creger who resided with her father.

Other survivors are six grandchildren and six great-grandchildren. A brother and three sisters preceded him in death.

Mr. Creger served many years as a deacon and elder at Emanuel United Church of Christ in Pitt Township. He devoted his entire life to farming.

Funeral services will be held Saturday at 2:30 p.m. in the Bringman and Co. Funeral Home with the Rev. E. G. Corwin of the home church officiating. Burial will follow in Oak Hill Cemetery.

Friends may call at the funeral home Friday from 2-5 p.m. and 7-9 p.m.

A former Marion resident, Mrs. Mary Estell Maize Houghton, 84, of Central Lake, Mich., widow of Dr. Z. B. Houghton, died Wednesday.

Funeral services will be conducted at 2 p.m. Friday at the Diton Funeral Home at Central Lake.

She was born in Richwood on Nov. 12, 1874, and was a member of the Presbyterian Church and the King's Daughters.

Only survivors are a grandson, William B. Houghton of Mansfield, and a granddaughter, Mrs. Barbara McNichol of East Liverpool, O. Her husband and a son, Jack Houghton, are deceased.

Officer's Splint Enables Injured Crow To Fly

MORRISTOWN, N.J. (AP) — Special Police Officer George Ayres grabbed a discarded ice cream stick and a piece of string when he came upon a crow flapping on the ground with a broken wing.

The bird flew off the minute its wing was splinted.

Your chafing dish is an ideal container for serving a hearty supper soup and keeping it piping hot for second serve-ups.

Monoxide Kills Galion Grocer; Accident Ruled

GALION — Funeral services are planned for 3 p.m. Saturday for Franklin J. Craun, 49, prominent Galion grocer, who died late Wednesday afternoon at his home on the city's west side.

Mr. Craun, a native of Fremont, O., and a resident of Galion 40 years, was found slumped between the rear wall of his garage and the back of his car by a neighbor about 4:30 p.m. Wednesday.

Crawford County Coroner B. P. Mansfield ruled the death an accident, caused by carbon monoxide poisoning. He theorized that Mr. Craun suffered a heart attack or fainting spell upon lifting a bag of fertilizer into his car, the motor of which was running, and slumped to the floor, his face in close proximity to the auto's exhaust pipe.

Galion firemen, as well as the neighbor, administered artificial respiration but Mr. Craun was pronounced dead on arrival at Galion's Community Hospital.

He was born April 2, 1909, in Fremont, a son of Coen E. and Suzanna Holzworth Craun, both of whom survive. He came to Galion with his parents at an early age, subsequently graduating from Galion High School in 1927.

After attending Baldwin-Wallace College in Berea, O., Mr. Craun went into the grocery business, working for a time in partnership with his father. In 1944 he was called to Army service, attaining the rate of technical sergeant as a rifle instructor in Camp Wolters, Tex.

He was married June 14, 1930, to the former Hazel Garverick, who passed away in 1947. In 1949, he was wed to Mrs. Edith L. Stebbins, who survives.

A member of the Galion Masonic Lodge and the American Legion, he also belonged to the Mansfield Art Guild.

Surviving, besides his parents and Mrs. Craun, are two daughters, Mrs. Thomas McNew Jr. and Mrs. G. F. Baehr Jr., both of Galion; two stepdaughters, Mrs. J. F. Quay of Indianapolis, Ind., and Mrs. J. T. Kreps of Galion; a sister, Mrs. Charles Etsinger of Richmond, Ind., and eight grandchildren. Two brothers preceded him in death.

He was a member of Galion's Grace Episcopal Church.

In charge of the funeral will be the Rev. Robert L. Elliott, pastor of Grace Church, with interment to be in the Fairview Cemetery. Friends may call at the Snyder Funeral Home in Galion.

LAND GIVEN

PLAINVIEW, Tex. (AP) — Wayland Baptist College disclosed it has received a gift from an elderly Tulia couple, Mr. and Mrs. S. F. Flores, of 27 sections of Texas farmland valued at more than two million dollars.

Army Tankers Provide Vital Striking Force

New Tactics Haven't Replaced Need of Old Armored Divisions

Ft. Knox, Ky. (AP) — The mustached Army sergeant watched the tank churning red dirt clouds into the summer breeze.

"Armor," he said crisply, "is tougher than ever. It's coming into its own now . . . in this nuclear age."

There he paused.

M. Sgt. Robert H. Thomas, four rows of campaign ribbons on his chest, waited for an argument. He's well aware that many see the bulky, comparatively slow tank as a sitting duck in a nuclear war.

But Thomas argued:

"In that tank you're afforded protection against nuclear radiation, heat and blast.

"The skin on that tank is lots thicker than the shirt on a dogfoot's back."

Adaptable Force

Brig. Gen James I. King, the assistant Ft. Knox commandant, puts it more formally:

"Armor is the type force adaptable to both atomic or non-atomic war.

"It is ideal to clean up and secure an area soon after it is hit by a nuclear explosion."

More than 5,000 soldiers from privates to general go through the armor school here yearly. They spend much of their time on the 110,500-acre post's ranges.

Senior officers study military tactics—in nuclear and conventional warfare. Courses for enlisted men cover a dozen subjects.

Tankers are confident, if not downright cocky.

One armorman talking about corps morale pointed to a passing private:

"You can tell his morale by his uniform."

It was starched so much it creaked as he walked. His boots and brass glistened.

Faster Than Before

Today's tanks are more squat and faster than their World War II or Korean War predecessors. But little has been added in firepower.

The Army's top tank is the M48A2, first issued in 1954 but modified several times since. It has never seen combat. Its main weapon is a 90 mm gun.

Tankers want atomic cannons or rockets.

Armor's best punch continues to be the armored division—which is a combination of tanks, armored cavalry, infantry, engineers and artillery. There are 3½ such divisions on active duty.

Every infantry division has its tanks, too.

"Russian tanks aren't as sophisticated as ours, but they're damned capable," explained Col. Lawrence. C. Schlancer, director of combat development at the School.

Although a tough bunch, tankers have their fears. They collected them fighting from North Africa to Berlin and hop-skipping across the Pacific isles.

"The other guys' tanks and antitank guns scare me," said M. Sgt. Charles Sutherland.

Another mentioned mines.

Not one mentioned a nuclear war.

"I guess," said Sutherland, "It's because we've never seen one."

Awaits Autopsy Report

LANCASTER, Ohio (AP)—The Fairfield County coroner is awaiting an autopsy report before rendering a verdict in the death of a 12-year-old boy whose body was found in a lake south of here Wednesday. The victim, Edward Mitchell, had been missing from his Lancaster home since Dec. 18 when he and some companions went sleigh riding.

Sharp Decline Noted in Fines For Bucyrus

BUCYRUS — Bucyrus area drivers and motorists passing this region apparently are driving more carefully these days and their caution has caused a sharp decrease in the city's revenue from traffic violation cases, Mayor Joe Sullivan said today.

The mayor, in his annual report of cash received for fines, costs and licenses, showed that fines in state highway patrol cases amounted to only $10,004 last year compared with $23,927 collected in 1957.

A total of 475 state highway patrol cases was brought before Mayor Sullivan during 1958 while the 1957 total was 698 The mayor said some cases are heard in the two county courts, accounting for a portion of the decrease

According to the mayor, the state patrol was not at full strength throughout the entire year of 1958 and patrolmen also reported that motorists apparently are less lax in their driving habits than in earlier years.

The 1957 traffic violation total was the highest on record in the mayor's court

Total fines for 1958 amounted to $19,386 compared with $37,600 collected in 1957. Ordinance case fines brought in $7,869 and state cases, exclusive of patrol arrests, returned fines of $1,512

Of the fines and license fees collected last year, $14,604 was turned into the city treasury, $1,081 to the Crawford County Library, $4,514 to the state treasury and $431 to the county auditor.

Children of the Bible

By Patrick and Garrison

DANIEL

"And the king spake unto Ashpenaz the master of his eunuchs, that he should bring certain of the children of Israel . . . children in whom there was no blemish . . ."

—Daniel 1:3, 4

Among the many captives Nebuchadnezzar carried back to Babylon after he conquered Jerusalem was a lad named Daniel.

The Bible does not tell us his exact birthplace, but it says he was of noble birth.

Because he was "well-favored, and skillful in all wisdom, and cunning in knowledge," he was selected by the king's chief eunuch to become one of the pages in Nebuchadnezzar's court.

Daniel was a boy who was not afraid to say "no."

When the tutor who had been placed in charge of him offered him Babylonian food and wine, "Daniel purposed in his heart that he would not defile himself."

To have accepted the food would have been to show great irreverance to God. For the Chaldean food was always offered first to their idols, before it was brought to the table.

The eunuch, Melzar, told Daniel he feared that the king would behead him if he saw the Hebrew boys grow thin and learned that they had not been fed the food ordered by him.

Daniel proposed that he allow some of the boys to eat Hebrew food for ten days. At the end of that time, if they were not as healthy looking as the others, "as thou seest, deal with thy servants."

Melzar consented and Daniel ate pulse—the pressed seeds and grain he had eaten at home. At the end of ten days, the faces of the boys who ate this food "appeared fairer and fatter in flesh than all the children which did eat the portion of the king's meat."

This act of courage, and many that followed it, helped Daniel and his three friends—Hananiah, Mishael, and Azariah—to face wild beasts, and the fiery furnace without flenching.

"God gave them knowledge and skill in all learning and wisdom," the Bible says. "And Daniel had understanding in all visions and dreams."

It was this strange gift—the ability to interpret dreams—that later won for Daniel a place of honor and influence in the Babylonian court.

For it was he who interpreted the dreams of Nebuchadnezzar, and translated the flaming words that appeared mysteriously on the walls of the king's banquet hall

EFFORTLESS SALE

McALESTER, Okla. (AP) — A women's hat shop here received a check in the mail with an explanatory note. It explained that the sender, a woman, bought the hat during a sale and, unable to get a clerk to wait on her, merely walked out with the hat. It was easier that way, the note said.

Court Bailiff Fred Miller Retiring Soon

Fred F. Miller, 68, Common Pleas Court bailiff and probation officer for the last 12 years will retire effective March 31, Judge Paul D. Smith announced today.

The judge said D. L. Everly, divorce investigator, will take over the bailiff's duties and will assist Donald Hall in divorce investigations. Mr. Hall was employed by the court last month.

Mr. Miller, Marion County sheriff from 1934 to 1941, was employed at the Marion Power Shovel Co. before his appointment as bailiff in February 1947.

A World War I veteran, Mr. Miller is married to the former Miss Adeline Straw Sullivan. They reside at 137 Canby Ct. and have two married children.

Fire Department Dance Scheduled Here on March 14

Patsy Toombs will be the vocalist with Al Wayne and his Orchestra when the Marion City Fire Department holds its semiformal dance Saturday, March 14, at the United Steel Workers Union Hall on Uncapher Ave.

Dancing for the first annual firemen's event will take place from 8:30 to midnight, Dave Strobel, chairman, reported today.

He said groups of eight or more may reserve tables for the event by calling the W. Center St. Fire Station, 2-3541, evenings.

Tickets are available from any fireman or may be purchased at the door next Saturday night. They are $1 per person and $2 per couple.

Members of the dance planning committee are Don Caldwell, Paul Sifritt, John Ludwig, and Fire Chief Owen A. Sifritt who is serving as adviser.

Receiver Sought For Marion Firm

The Ohio Bureau of Unemployment Compensation has filed a petition in Common Pleas Court seeking appointment of a receiver to control the assets of the Masonry Maintenance Contractors, on Pole Lane Rd.

Signed by Atty. Gen. Mark McElroy, the petition alleges the bureau made a finding against the firm last Dec. 29 for contributions and forfeitures it allegedly owes the bureau.

The plaintiff alleges the firm was notified, but failed to pay within the specified 10-day period, the $1,288 plus interest the bureau claims it is owed.

The bureau also charges that the firm did not comply with state law which requires it to execute bond to the state double the amount that was found due and ordered paid.

The petition asks that a receiver "be appointed without notice to take charge, custody, control and management of business, property and assets" of the defendant.

RICHMOND, Va. (AP) — Virginia liquor sales are declining and at least a part of the slump is believed due to a change in the drinking habits of sailors. The most significant decline has been in the Hampton Roads area, headquarters of the Navy's Atlantic fleet.

Ridgedale Crushes Fredericktown's Squad 65-49

Rockets Hit on 58 Per Cent of Shots

By JOHN SHORT

For the first time in history, Marion County will have two cage teams battling for spots in regional tournament action when the Central District finals are held Friday night at Columbus.

Ridgedale joined Prospect in the district cast with a convincing 65-49 win here Wednesday night in Marion Sectional action.

Coach Bill Phillips' Rockets turned in one of the most impressive offensive performances ever seen here in downing a fairly good Fredericktown squad. The Freddies went into the game with a 15-7 record but proved no match for Ridgedale which upped its mark to 23-3.

—:—

PHILLIPS' CREW unleashed a fearsome attack against the Freddies, collecting 30 field goals on only 52 shots for a blistering 58 per cent from the floor. During the first half, the winners hit at a 64 per cent clip, connecting on 16 of 25 shots.

The Marion Countians forged into an early lead and were never once seriously threatened. Fred Moore pumped in four field goals and Joe Moore and Steve Williams each added three to spark the Rockets into a 22-10 first period bulge.

Fredericktown did manage to outscore the local team in the second period and lowered its deficit to 33-24 at the half but a 16-point spree in the third stanza carried Phillips' sharpshooters into a comfortable 49-35 lead at the start of the final eight minutes.

The Rockets moved into a stall midway in the final frame and the Freddies cut their deficit to nine points before Ridgedale resumed its regular attack to win going away.

—:—

FRED MOORE was the big gun in the winning attack with a 20-point production. Joe Moore added 19 and Williams finished with 18. Williams topped the Rockets' on eight of nine field goal attempts. Fred Moore pumped in 9 of 15 attempts and Joe Moore hit on 9 of 18. George Young had three of six and Jack Clark one of six. The starting five went the distance for the winners.

Dick Catteau and Bob Ruhl topped the scoring for Marvin Shaffer's losers while Dave White netted 12. The Freddies also posted a respectable shooting average, connecting on 20 of 51 shots for an average just under 40 per cent.

As a result of last night's win, the Rockets will be pitted against Pickerington, 44-39 winner over Licking Heights in sectional play

Abe Attell, Former Ring Ace, Stricken

NEW YORK (AP) — Abe Attell, former world featherweight champion and a member of Boxing's Hall of Fame, collapsed in a restaurant Wednesday night, but he still talked like a champ from a hospital bed.

"I'm all right," he said. "I've got a touch of the flu, but I'll be out of here by tomorrow. Why son, I expect to live to be 100."

Attell, a native of San Francisco who held the featherwieght crown from 1904 to 1912, is 75.

Dr. Sidney Rubenstein said Attell suffered a "circulatory condition not considered serious."

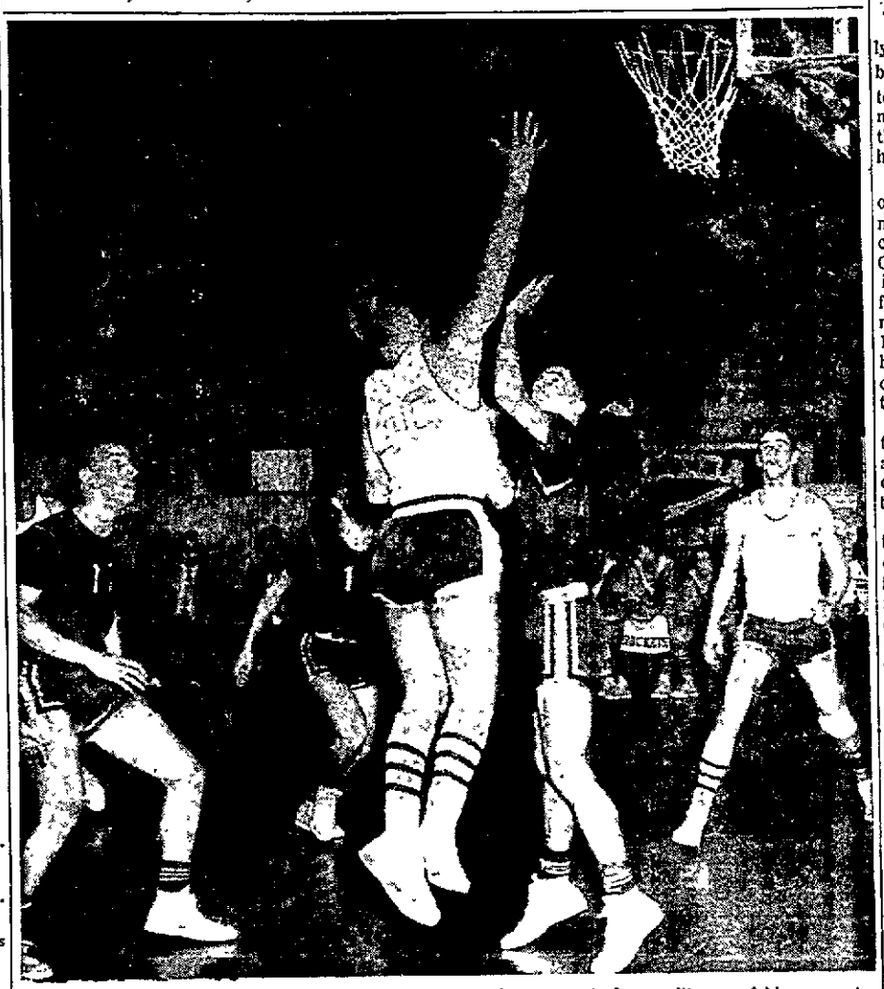
BIG SHOOT

VIRGINIA BEACH, Va. (AP) — The world championship skeet shoot of the National Skeet Shooting Assn. will be held at the Princess Anne Gun Club here Aug. 2. Selection of the American Olympic skeet shooting team is expected during the event. Entries are expected from the U.S., Cuba, Mexico, Canada and perhaps from some South American and European nations.



ROCKET BLASTS OFF. Fred Moore, Ridgedale scoring ace, cuts loose with one of his scores in Wednesday night's 65-49 win over Fredricktown. Moore topped the Ridgedale attack with 20 points, hitting on 9 of 15 shots. Attempting to stop the shot is Dick Catteau of the Freddies, George Young (32) stands by for rebounding purposes. Other Fredricktown players are Bob Ruhle (11) and Preston Leedy (15).

Signs as Coach, Scout

Bob Lemon Ends Attempts For Comeback With Tribe

By The Associated Press

One temperatmental Latin would seem to be all that Paul Richards, manager of the Baltimore Orioles, needs to keep his mind occupied these days. But Richards has three, and two of them are sull absent from the Orioles' training camp in Miami.

Chico Carrasquel, the Venezuelan shortstop, did manage to make camp six days late. He blamed it on "visa trouble." Carrasquel was traded to Baltimore by Kansas City last fall after six years at Chicago and Cleveland.

Miranda, Avila Missing

Willie Miranda, who has been the Baltimore shortstop since 1955, and Bob Avila, the second sacker who was acquired from Cleveland last December, are missing — whereabouts unknown.

Miranda may not have been the inventor of the "visa trouble" excuse, but he's probably used it more than any other absentee. He has signed his 1959 contract, and presumably is in Cuba.

Avila, the team's only holdout, was thought to be at home in Vera Cruz, Mexico. Roberto was in Havana last month — perhaps getting a fill-in on the Orioles from Senor Miranda. At that time, Avila said he was considering quitting baseball.

Signs As Scout-Coach

Bob Lemon, who won 20 or more games for Cleveland in seven seasons, gave up his comeback ambitions and signed with the Indians as a scout-coach. He pitched part of 1958 for San Diego but was handicapped by arm trouble.

Outfielder Bob Cerv finally signed with the Kansas City Athletics for an estimated $32,000. He had his first workout Wednesday at West Palm Beach, Fla.

Dave Philly agreed to terms with the Philadelphia Phillies. The outfielder was barred from a morning workout at the Phillies' camp in Clearwater, Fla., but later signed his contract. Terms were not announced.

Another Cuban pitcher, Pedro Ramos, arrived at the Washington Senators' Orlando, Fla., camp and signed his contract.

Lemon Unable To Keep Pace With Pitchers

TUCSON, Ariz. (AP) — "I just couldn't keep up with the young fellows any more."

That was Bob Lemon's explanation Wednesday when it was announced that he had decided to retire as a pitcher and accept an offer to serve the Cleveland Indians as a scout and trouble shooter.

Manager Joe Gordon made the announcement just before an intrasquad game in which the 38-year-old veteran was scheduled to test his ailing right arm.

Hoping to make a comeback this spring, Lemon came to the Cleveland camp to "help out any way I can, even if it's relief pitching."

He was the last survivor of the staff that pitched the Tribe to an American League pennant and a World Series championship in 1948. He won two series games.

Lemon won 20 or more games in seven seasons in compiling a string of 207 major league victories against 128 defeats. His best season was in 1954, another pennant year for the Indians, when he appeared in 36 games and had a 23-7 record for a .767 average.

Gordon said Lemon would be listed as one of the Tribe's regular coaches and also would do some scouting for the club and some coaching in the minor leagues.

Casper Leads Golf Field in New Orleans

NEW ORLEANS (AP) — Lightning may not strike in the same spot twice, but no one would like to see this adage tested more than Billy Casper, who opened defense of his New Orleans golf title today.

Casper, of Chula Vista, Calif., won the $20,000 tournament title last year. He upset favored Ken Venturi in a sudden death playoff.

Success has been absent from Billy's side this year. A severe attack of influenza has forced him to skip several winter tournaments.

Favorites include Gene Littler of Singing Hills, Calif., 1958 Masters champion Arnold Palmer of Latrobe, Pa., and Howie Johnson of San Marcos, Calif.

SHORT SPORTS

By John Short

Some disappointment, not exactly justified, has been expressed by press box visitors at the attendance totals at sectional tournament play at the Coliseum here.

SHORT

A couple of out - of - town newsmen covering the Class AA play indicated they felt the tourney would have drawn better at a location more centrally located in the area.

There is no valid reasoning in that theory since most quarters admitted that this year's field was one of the least distinguished in the history of that event.

That along with the fact that top-seeded Upper Sandusky was eliminated in its first outing failed to produce any incentive for return trips to Marion by the out-of-town fans. The same situation would have prevailed at any other site.

—:—

AS FOR CLASS A action, a crowd of 2,000 in the Coliseum takes on the appearance of a meager gathering. At no time during the sectional action here did attendance drop below 1,000 and that nearly doubles any crowd which the Otterbein College gymnasium can accommodate.

Regardless of how some school officials might feel toward the added distance and expense of the Marion trip, from the viewpoint of the fans, the tourney action should be here to stay.

No basketball facility, Class AA, A or college, can offer the same convenience and facilities to the people footing the bills. For backers of the Class A teams, the vast expanse of the Coliseum still is a new experience for district play.

—:—

IN ADDITION to the adequate seating offered, concession operations and the Coliseum parking area are the clinchers for the fans.

—:—

NEW START TONIGHT. With Class A action on the county scene ending Wednesday night, a brand new basketball tournament will get under way tonight. The annual junior high school tourney will open a four-night stand at New Bloomington.

Four games are scheduled tonight with four more slated Saturday, the semifinals next Friday and the championship round Saturday, March 14.

All high schools in the county, with the exception of Ridgedale, will be represented along with Morral, Grand Prairie and Meeker.

Jack Tighe is scouting for the Detroit Tigers this year, a team he formerly managed.

Gooding Leads Attack

6-6 Scoring Whiz Chief Lima Threat

The Harding Presidents have concluded heavy drills for their district tournament battle Friday night at the Coliseum against Lima Senior. Coach Don Knodel ran his charges through a lengthy session Wednesday night and scheduled only a light workout today.

The chief task confronting the Prexies in Friday's 7 p.m. opener at the Coliseum floor will be stopping Lima's top candidate for All-Ohio honors, Kirk Gooding.

—:—

A 6-6 SENIOR veteran, Gooding has been described by Knodel as an all-around capable performer who "has every shot in the book."

Gooding has been the big cog in the Spartans' drive to a 13-5 record. In 18 contests, he has pumped in 125 field goals and 101 free throws for 351 points or an average of just under 20 a game. Charged with stopping the big Lima threat will be Harding's Bob Middleton.

Despite Gooding's outstanding performances, however, Coach Don Penhrowood has other scoring threats in his starting lineup. No. 2 man in Lima's offensive picture will be forward Jim Baugh, 6-0 junior, who has scored 93 field goals and 44 foul shots for 230 points or an average of just under 13. The other forward post will be filled by Gary Moeller, 6-0 senior, with 165 points, on 58 fielders and 49 from the foul lines.

—:—

ROUNDING OUT the Spartans' lineup will be Jerry Cartin, a 6-1 senior, who has recorded 131 points on 51 field goals and free throws, and Joe Reeder, 6-2 senior, with 47 fielders and 29 fouls to his credit for 118 markers.

Ed Shine, a 6-3 junior, and Jim Whittaker, a 5-11 junior, also are expected to see some action. They have scored 90 and 59 points respectively.

The Spartans, playing in the Greater Ohio League, one of the state's top scholastic cage leagues, will carry a 65.5 scoring average into the contest. The Lima defense has allowed an average of just over 55 points a game.

Two of Lima's losses came at the hands of Middletown, 70 - 62 and 80-69 while two defeats were administered by Springfield, 66-64 and 59-54. The other setback came at the hands of Mansfield's Tygers 61-57.

—:—

VICTORIES include 55-48 and 62-48 wins over Hamilton and 52-50 and 60-57 decisions over Portsmouth. Other regular season wins were recorded over Dayton Fairmont 64-50, Lima Shawnee 64-58, Dayton Belmont 78-57, Toledo Macomber 63-61, Toledo Devilbiss 71-54 and Bryan 72-51.

In sectional tournament play, the Spartans rolled over Coldwater 60-47 and Elida 71-42 and then whipped a powerful Delphos St. John quintet 61-55 for the district berth.

Mansfield, co-champion of the Marion Sectional with a 10-10 record will meet Lima Central Catholic (16-4) in Friday's nightcap. The two winners will return Saturday at 8 p.m. for the district title and a spot in Toledo's regional event.

Saxton Faces Theft Charges In New York

NEW YORK (AP)—Johnny Saxton, who earned a quarter of a million dollars as world's welterweight champion, has been arrested in a burglary which netted $5.20 in cash.

Spotted Wednesday night on a fire escape of a Jamaica, Queens, apartment house, the onetime Negro ring ace was captured by police, but not before he put up a battle.

He was charged with burglary and held for a hearing.

Saxton, 28, lost his title in 1956. He told police all the money he made in his 10-year professional career was gone, and that he owes $16,000 in back taxes.

"I'm not working. I needed money. I'm spending most of my time up in Harlem training young fighters," he said.

Police said Saxton tossed a small valise into a clump of bushes. In it was $5.20, a fur cape, and a pack of cigarettes. The cape and bag were identified by Adelaide Farrell, 55, a sixth-floor tenant.

Pleasant Baseball Group Plans for Lighted Diamond

Pledges and donations totaling more than $3,000 were reported Wednesday night at a meeting of the Pleasant Baseball for Boys Committee.

A spokesman for the group said today the amount already pledged assures the lighted baseball diamond sought for this year's play. Equipment for the lighting system will be ordered this week and work is expected to be started in the near future.

The fund drive will be continued and residents of the Pleasant community have been urged to contribute. Plans call for the construction of bleachers and concession facilities before the start of league play.

The committee will meet again next Wednesday at the school. The session is scheduled for 7:30. Election of officers for the coming season probably will be held, the spokesman said.

Denver Holliday is serving as temporary chairman and John Peacock is the temporary secretary and treasurer.

Annual Women's Bowling Tourney Opens Saturday

The annual Marion Women's City Bowling Tournament is slated to get under way this weekend in the Palace Recreation Center, with team play carded Saturday and individual action Sunday.

Activity Saturday will commence at 1 p.m., with eight teams rolling. Six more groups will take the alleys at 3:30, with 10 to go at 8:30 p.m.

Play Sunday will start at noon, with different sets of keglers rolling at 2 p.m. and 8:30.

The tourney will wind up the weekend of March 14-15, with a similar schedule followed.

A total of 114 individuals and 46 teams will vie for both trophies and cash prizes.

The schedule of play this weekend is as follows:

The defending champion for team play in the handicap division of the tourney is Le's Beauty Shop, which carried off top honors last year with a 2762-pin total. Short Ford finished second with a 2742.

In doubles handicap action, Joan Shirk and Kate Reid were the winners with 1086 pins.

In actual pins, Mickey Carpenter is the defending titlist for three games with a 536. Le Buxton posted a 206 to win the single game title.

Browns To Duel Giants In 1959 Home Opener

CLEVELAND (AP)—The Cleveland Browns will meet the New York Giants, defending Eastern Division champions of the National Football League, Oct. 11 in their first home game of the 1959 season.

Other home games will be against the Chicago Cardinals Oct. 18, Washington Redskins Oct. 25, Philadelphia Eagles Nov. 8, Pittsburgh Steelers Nov. 22 and San Francisco 49ers Nov. 29.

CHANGE IN PAL

TOLEDO, O. (AP) — Worried about guilt by association, the Toledo Police department decided to shift the directorship of the Police Athletic League from a patrolman to a civilian. The turning point came after an amateur boxer, arrested in Michigan on an armed robbery charge, told Michigan State police he had trained at the police gymnasium in Toledo.

Newcombe Expects Big Season With Cincinnati

TAMPA, Fla. (AP) — Memo to Buzzie Bavasi, general manager of the Los Angeles Dodgers.

Don Newcombe had a winless record with the Dodgers last year not because he was lazy and wasn't trying. He actually suffered from a pulled back muscle, just as he claimed.

Wayne Anderson, trainer of the Cincinnati Reds, the club to which the big pitcher was traded, attests to that.

"There's no question about it," Anderson vouched. "The longitudenal chord which extends across the shoulders, was affected. I recognized the symptoms the first time I examined him. I just busted it down with therapy and massages and heat treatments did the rest."

Newcombe, baseball's outstanding pitcher only three years ago, was only a shadow of his former self in 1958. After losing all seven decisions, he was traded by the Dodgers to the Reds 45 minutes before the June 15 deadline. It took Newcombe a long time to get over the shock.

"I told them I had a torn muscle," said big Newk, "but I don't think they believed me."

Newcombe won his first start for the Reds, 6-1 against St. Louis. He finished with a 7-6 Cincinnati record.

"I enjoyed pitching for the Reds," he said. "My arm is fine now and I expect to have a big year under Mayo Smith."

OSU Board of Trustees Will Fill Coaching Post

The Ohio State University Board of Trustees will meet Friday morning at the Columbus campus and action is expected to be taken toward filling the vacancy on the OSU football coaching staff.

Gordon Larson, Harding High School's coach of the year, is the No. 1 candidate for the backfield post recently vacated by Gene Fekete.

Jimmy Brown tied the National Football League record with 108 points last season. He scored 17 touchdowns rushing and one on a forward pass.

Wally Moses Gives Redlegs Batting Advice

TAMPA, Fla. (AP)—Like to see Cincinnati's Reds do more hitting this season? Team brass would like to see the same thing.

That's why they hired Wally Moses—a plus .300 hitter for seven straight years in the American League—as batting coach.

And Moses said Wednesday he calculates that the difference between a .250 and a .300 hitter is one more base hit a week.

He said there are a few flaws which have to be corrected in several players but that "we've made some progress during our daily batting practice sessions.

"We'll be able to do even more once the exhibition season gets under way.

Moses said he has been emphasizing the importance of laying off the first or second pitch.

"So many boys are too anxious at the plate and swing at the first pitch.

"That makes the job much easier for the opposing pitcher. And they are smart enough to know the batters in the league that go for the first pitch."

Former Dayton Judge New Ohio Budget Chief

COLUMBUS, Ohio (AP)—Ohio's new superintendent of the budget is former Municipal Judge Russell L. Carter of Dayton.

His appointment was announced today. Carter, a native of Columbus and an Ohio State University graduate, will take over his new duties March 16.

At the same time, Richard McCracken was appointed judge of the Columbus Municipal court to replace John C. Duffy, who was elected to the Court of Appeals. McCracken will serve until a successor is elected and qualified.

Morrow Health Council Re-Elects Cecil Snyder

MOUNT GILEAD—Cecil Snyder was re-elected chairman of the Morrow County Health Advisory Council this week. Maurice Mitchell was elected secretary.

The group re-elected Mrs. Edwin Saltz as a member of the Morrow County Board of Health for a five-year term. Dr. James P. Owens, Morrow County health commissioner, gave his annual report. Ted McClarren, chairman of the county developing committee, talked to the group about zoning problems.

Goodyear, Fulfillment, Pollak Grab YMCA Court Triumphs

In YMCA basketball Wednesday night, Goodyear clouted General Telephone 57 - 45, Fulfillment romped past McMillen 51-40, Pollak downed Whirlpool 73-60, and Technical Service edged the Power Shovel quintet 46-44.

Goodyear led all the way to its win over the Telephone five, holding a 14-12 quarter edge, a 28-18 halftime advantage and a 39-28 margin at the three - quarter mark. Roseberry paced the winner with 15 points. England got 12 and Daum 11. Riddle rolled in 19 to lead Telephone.

Fulfillment, banging in 22 goals and 7 free throws, was tied with McMillen at 8-8 at quarter's end, slipped ahead 22-18 at intermission and held a 38-30 advantage after three periods of play. Messner was high scorer for Fulfillment and the game, rimming the Feedmen's buckets for 27 points. Cook got 14 for the losers.

Pollak had little trouble tanning Whirlpool's hide. The Steelmen had a lopsided 24-5 quarter advantage, were leading 35-21 at the half and held a 47-37 margin going into the finale. Williams posted a 28-point total for Pollak, while Whirlpool's Martin as high for the losing cause with 19.

Technical Service had to go all out to slip past a determined MPS outfit. The victors led 11-7 at the quarter, 22-21 at the half, and 39-30 going into the final frame. Wade was high for the victorious quintet with 22 points. Hensel got 15 for the Shovelmen.

Valdes' Hopes For Title End In Kayo Loss

MIAMI BEACH, Fla. (AP) — The heavyweight championship dreams and claims of Nino Valdes and his slightly articulate manager, Bobby Gleason, are in the nightmare class today.

The massive Cuban was thoroughly beaten and eventually knocked out at the Miami Beach Auditorium Wednesday night by a 4-1 underdog, Charley Powell of San Diego, Calif.

Gleason had claimed Valdes was the real champion. He belittled Floyd Patterson's title.

Ended in Eighth

The end of the bloody, bruising, mauling affair came at 2:03 of the eighth round when referee Cy Gottfried stopped the contest as the exhausted Valdes, seemingly flabby at 224 pounds, sat on his haunches. Powell weighed 213½.

Valdes had gone down twice before in the round, once following a left and a right to the jaw and a right to the back, and once when the ex-pro football player draped him over the middle strand of the ring ropes.

Gottfried said those were the only two knockdowns of the round and that Valdes went down the third time on a stumble. The referee ruled he was too exhausted to continue.

Lodges Violent Protest

Valdes made violent protest in the ring, and later in his dressing room was semi-hysterical. He thought Gottfried had stopped the fight because he was down three times. There is no Florida rule that says a fight must be stopped when a man has been down three times.

It was a confident Valdes who answered the first bell, and he went through the first round almost casually. In the second round, however, Powell staggered him with a left hook, splitting his lip. From that point on the weighty Cuban was fighting for survival.

Powell was ahead on the cards of all three officials when the end came. the nationally televised bout drew 2,523 fans who paid $6,064.

Hamilton Cage Team Falls in Tourney Fray

COLUMBUS, Ohio (AP) — The tournament trail is still eating away Ohio's high school basketball talent.

Latest to be sidelined in the "lose - and - out" district tournaments was Hamilton's Big Blue—state champion in 1937, 1949 and 1954, and runnerup in 1951.

The Butler County team, playing its final season of basketball, was nosed out 66-64 in overtime Wednesday night by Princeton in the Middletown district meet.

Middletown, seven-time champion of the state—a record unchallenged by anyone—rolled on to an 18-4 record by defeating Wyoming 82-41 at Oxford. The Middies will meet Princeton Friday at Cincinnati for a regional tourney berth.

Hamilton wound up with a 17-5 mark, Wyoming with 17-4. Princeton is 17-3.

Steubenville's Big Red, showing its late - season scoring ability, crushed Bellaire St. John 90-35 at New Concord, and Elyria—one of the three unbeaten teams in Class AA—raced over Berea 70-52 at Bedford for its 22nd in a row. Steubenville is 18-4.

In Class A, unbeaten Salem Local made it 24-0 with a 68-41 win over Houston (18-6) at Springfield; Pickerington ran its record to 22-1 with a 44-39 conquest over Licking Heights (16-7) at Westerville, and Ridgedale (23-3) whipped Fredericktown (15-8) by 65-49 at Marion.

Eleven games are slated in the Class AA districts tonight, along with five in Class A. Wednesday night's frays cut the 412-team Class AA field to 63, and the 601-team Class A contingent to 47.

Bowling

Taking to the boards at the Plaza Lanes Wednesday night were the Housewife No. 1 and 2 leagues. Mom and Pop and the Ladies All-Stars rolled at the Marion Recreation Center, while the Business Men and Eaton took to the Palace alleys.

Maxine Roseberry paced the Housewives No. 1 loop, tallying 190 and 498 scores. She also posted a 176. Others coring high: Helen Angus, 150; Marcelle Westcott, 170; Betty Glimpse, 159; Betty Beckel, 156; Margaret Harbolt, 159; Dorothy Roseberry, 163; Virginia Lininger, 177—403; and Irene Jones, 152. Polly Chard turned in a 407 and Betty Beckel registered a 5-10 split.

In Housewives No. 2 activity, Angie Jones topped all hands with a 162 single game, finished up with a leading 442 series. Betty Herr wound up with a 157-151—440, and Ethel Perfen, 406. Splits were converted to spares as follows: Clara Black, 5-10; Carol Hartley, 2-7; and Lucille Smith, 5-7.

For Mom and Pop, Bob Dripps and Chuck Burns were high for the men with respective scores of 229 and 524. Evelyn Bailey turned in a 193 and 491 to edge the women contenders. Scoring other highs: Sid Tenant, 190—517; Bob Stover, 199—507; Harry Hammond, 471; Paul Eshman, 172-171—469; Jim Jordan, 185—488; Gertrude Souher, 164-150—435; Carol Pierce, 157—404; Sylvia Sterritt, 152; Lois Eshman, 145; Bernie Tenant, 169. Splits were converted by Keith Sterritt, 3-10; Mickey McKeever, 5-6; Bert Dripps, 2-7; and Sid Tennant, 3-10. Team 5 had team highs of 744 and 1956

Marie Hamilton was the top kegler for the Ladies All-Stars, posting highs of 224-192—574. Also recording highs were Mary Thorne, 173-170—493; Judy Phelps, 171—487; Virginia Keck, 174; Marge Krausz, 174; Helen Culp, 173; Orabelle Niggemeyer, 172. Converting of splits was accomplished by Cora McCleary, 4-5-7; Jane Richards, 5-10; Helen Culp, 3-7; Joan Groll, 5-7, 6-7-10; Marge Bigley, 5-6, 6-7-10; Erma Hickman, 5-10; Lucille Steven, 5-10; and Crystal Smith, 5-10. Marion Electric Motor Service and Jay Maish captured high team laurels with totals of 815 and 2324 respectively.

Joe Nicolosi rolled a 222, then finished up with a 617 to lead all hands in Business Men play. Dick Kingsley got a 200; Dick Moran a 202; Tony Smiley a 208; Steve Kuhner a 214-207—607; Loren Wilson a 212; and Jim Babich a 214.

In Eaton activity, Robert Henning had a single game high of 235 pins, with William Gore coming on for series honors with a 547. Gore had a 205 single game, while Henning finished with a 501. Others scoring high included Roy Eaton, 208—515; Addra Bright, 202—526; Harry Jacobs, 531; Bud Metz, 526; Robert Croman, 523; Al DeSimone, 522; Frank Eiseman, 518; Larry Moore, 510; Joe Ferriman, 509; Gerald Maynard, 508.

Sanity Test Ordered

McCONNELSVILLE, Ohio (AP) —Ex-Marine Lowell Eugene Oliver, 20, has been ordered to Lima State Hospital for 30 days observation after pleading innocent by reason of insanity to the Feb. 11 pistol-slaying of Thomas Camden Roach, 31. Oliver is indicted for second-degree murder. Roach, a South Charleston, W. Va., clothing salesman, was shot as he and Oliver argued in a car parked near Chesterhill, 19 miles southwest of here.

Teen-Ager Forces Ride at Gunpoint

Girl Seized at Hamilton After Holding Gun on 2

HAMILTON, Ohio (AP)—A dark-haired teenage girl sat passively in county jail Wednesday night, answering questions about the ride she forced a man and a boy to take at gunpoint.

The 14-year-old girl, disarmed in a police trap here said she didn't want to shoot anyone; she just wanted to see her mother, a waitress in a Mason truck stop.

But sheriff's deputies said the girl spent half the nine-mile ride Wednesday with a .22 caliber pistol at the head of a boy, age 5, and the rest of the trip with the gun jammed in the ribs of the driver, George McGuire, 35.

Deputies, alerted by a storekeeper in Auburn where the forced ride started, had followed the car at a discreet distance but hesitated at first to close in.

McGuire said, "I talked to her on the way and tried to get her sympathy. I told her I would write a note for the sheriff to drop back and after we got to where she wanted to go, she could go her way and I'd go mine."

McGuire first talked the girl into taking the gun from the boy's head and then persuaded the girl to let the youngster, Dwight Begley, out at a filling station. He said her lips trembled as she gave the boy 40 cents for candy.

Police and deputies closed in when the car stopped in traffic here. While her attention was distracted, a detective reached in the car window and snatched the gun away.

Deputies said the girl had first entered the store of Forrest Waltz at Auburn and demanded a ride to Hamilton.

Waltz said he went to get car keys and phoned the sheriff's office. When he returned with McGuire, a friend, the girl had two women and the Begley boy at gunpoint.

McGuire offered to drive her to Hamilton but could not persuade her to leave the youngster.

Officers said the girl, a county ward living in an Auburn home, was due to be sent to a Columbus school next Sunday. She earlier had spent time at the Girls' Industrial School and the Columbus Juvenile Diagnostic Center.

Strike Talks Set

COLUMBUS, Ohio (AP) — A meeting tentatively has been set for Thursday between representatives of the striking International Union of Electrical Workers and the Columbus & Southern Ohio Electric Co. The meeting would be the first get-together of both sides since contract negotiations broke off Friday. The company's 1,300 utility workers went on strike Midnight Saturday, when their old contract expired.

Movie on Ohio Industry Seen By BPW Club

Moving pictures on Ohio industry were shown at a dinner meeting of the Business and Professional Women's Club Wednesday night at the YMCA. Another program highlight was a preview of spring hat styles and showing of hats of a few years ago. The national security committee headed by Mrs. Charles Allen was in charge.

Special music was by Miss Carol Ann Scheff, a guest, who sang "When Irish Eyes Are Smiling" and "That's an Irish Lullaby" accompanied by Miss Patricia Curl. The film was on "The Center of Industrial America," a production of the Ohio Edison Co., featuring outstanding industries in this state.

In charge of the hat presentation was a guest, Miss Hallie Lehnart, manager of the Sutton & Lightner millinery department, and she was assisted by Mrs. Louis Haycook, Miss Wanda McMahan, Miss Patricia VanFossen and Mrs. Peter Penizotto.

Modeled also were four hats which were worn a number of years ago. They were loaned by another guest, Miss Elizabeth Snyder and were owned previously by the late Mrs. A. B. McMurray. Mrs. Lewis Wills played piano selections.

An invitation to the group to present at a district meeting the humorous style show staged last year at the state convention was accepted. Serving on the committee with Mrs. Allen were Mrs. Howard Anderson, Mrs. Clara Miller, Mrs. Harry Musser, Mrs. Wills and Miss Curl.

MADISON, Wis. (AP)—Mr. and Mrs. Clement M. Silvestro became the first husband and wife team to receive doctor of philosophy degrees from the University of Wisconsin at the same time.

Identities Confused

Man in Auto Accident Was Not Morrow Judge

A driver injured in a Morrow County auto accident and cited on a traffic charge early Wednesday was incorrectly identified in the first edition of Wednesday's Star as Morrow County Judge Paul A. Richeson.

The driver was P. W. Richeson, 35, of Mount Gilead. Judge Richeson, 66, of Cardington, called by The Star after the error was discovered, said P. W. Richeson is his son.

The Star deeply regrets confusing the identity of the two men and apologizes for having caused them any embarrassment.

P. W. Richeson suffered multiple fractures of the left arm, possible rib fractures and lacerations of the face when his car and a tractor-trailer combination collided at 3:55 a.m. on Rt. 42 five miles north of Mount Gilead. He was taken to Morrow County Hospital in Mount Gilead for treatment.

State patrolmen from the Marion post said he was cited on a charge of driving left of center and is to appear in the Mount Gilead Mayor's Court March 21.

Harding Class of 1944 Plans Reunion June 13

Final plans for the 15-year reunion of the 1944 graduating class of Harding High School this summer were made at a meeting of members of the class Monday night at Harden's Music Store.

All members whose addresses have been obtained will be notified by letter within the next two weeks regarding plans for the reunion. It has been set for June 13 and will be a dinner-dance, preceded by a cocktail hour. The affair will be held in the United Steel Workers union hall on Uncapher Ave. and music for dancing will be by John Kessler and his orchestra.

Addresses of 26 members of the class are not on record with the committee. Persons knowing the whereabouts of any of the following are asked to contact Mrs. D. G. Ault at 3-1727. They are Earl Ahrens, Ruth Betts, Claudine Brown, Donald Crane, Genevieve Elkins, Maxine Elliot, William Hime, Phillip Jones, Mary Locke, Francis Long, Joan McClellan, Phyllis McCleary, John McDonald, Frieda Rodgers, John Sutherland, Eleanor Swain, Theodore Taylor, Edith Noggle, June Obenour, Verne Orth, Martha Parrett, Phyllis Ward, Rosemary Warren, Marianna Watts, John Weaver and Margery Wilson.

$75,000 Suit Filed in Court

Damages Requested After Truck Mishap

A $75,000 damage suit was filed in Common Pleas Court Wednesday by George Richardson of 438 Park St. for injuries allegedly suffered by his daughter when she was run over by a truck two years ago at Taft Jr. High School.

Named as defendant in the suit is Commercial Motor Freight, Inc., of Columbus.

Mr. Richardson charges that his daughter, Karen, then 5 years old, suffered severe pelvis and back injuries March 5, 1957, when a truck owned by the defendant firm ran over her at the rear of the school.

He alleges his daughter and other youngsters were playing on a hard-surfaced play and drive area when the truck, driven by Bernel Robinson, drove up to make a delivery.

Mr. Richardson alleges his daughter climbed onto the truck while the driver was entering the school. When he came out, he put the truck in motion and the child was thrown to the ground beneath the wheels, he alleges.

He charges the firm with negligence and carelessness, alleging that the driver knew his daughter was on the truck at the time he started to drive off.

Injuries suffered by his daughter resulted in paralysis of both legs, Mr. Richardson claims. He alleges that medical expenses he incurred totaled $5,992.

The plaintiff is represented by the Moore, Myers and Parsell law firm.

Granite is one of the hardest rocks found on earth. A special cast iron containing nickel is necessary to cut granite.

Two Marion Men Fined, Jailed on Charges of Fraud

Two Marion men who allegedly drew state unemployment compensation pay while employed were handed 30-day jail terms and were fined $100 and costs in Municipal Court today.

Ora Winn, 37, of 616 Henry St. was arrested at 12:21 a.m. today by city police on a fraud warrant filed against him by Don L. Schindler of Columbus, an investigator for the Ohio Bureau of Unemployment Compensation.

Joseph L. Logan, 20, of 587 Tyler St. was arrested at 3:58 p.m. Wednesday on a similar warrant signed by Mr. Schindler.

Both pleaded guilty to the charges. They are to serve the jail terms in the Columbus workhouse.

Mr. Schindler said that Winn drew $114 in unemployment compensation during a four-week period last year while he was employed by a local taxicab company.

Logan drew a total of $190 in two claims, one in 1957 and the other in 1958 while he also was employed by local taxicab companies, Mr. Schindler said.

Under state law, the maximum penalty for defrauding the state on unemployment compensation claims is a $500 fine and one year in jail, Mr. Schindler said.

Sorority Groups Assist Seal Drive

ASSISTING the Easter Seal committee in preparing for mailing the envelopes containing seals is an annual project of members of the two chapters of Y-Gradale sorority in Marion, Alpha chapter and Beta chapter. Shown here at work stuffing envelopes as the 10th annual Easter Seal campaign got under way early this week are (left to right) Mrs. Maurice Routon, president of the Beta chapter; Mrs. Melvin Lucas, tribune of Beta chapter; and Mrs. William Shipley, president of Alpha chapter. Putting the stuffed envelopes into the box ready for mailing is Mrs. Bernard Thompson, vice president of Alpha chapter. Other interested individuals also have volunteered their services as some 14,000 letters have been prepared for mailing to city and county residents by the Marion County Society for Crippled Children and Adults. The month-long campaign will be highlighted on March 21 by the annual Easter Lily parade. Chairman for the parade is Mrs. Don DeLong. Heading the 1959 campaign is Herbert A. Petrich, chairman, and a goal of $8,000 has been set to carry on the society's work in the city and county.

Executive of New York Firm To Be Speaker for 2 Ad Clubs

Speaker for a joint meeting of the Marion Sales-Ad Club and Mansfield Ad Club at Galion Tuesday night will be Chester Burger, vice president of Ruder and Finn, New York City public relations firm.

He will speak in the place of William Ruder, chairman of the firm's board, who was forced to cancel his scheduled appearance because of an unexpected trip to South America.

Robert Smith of the Jay H. Maish Co. is program chairman.

The meeting will begin with an informal get together at Hotel Talbott in Galion at 6 p.m. Dinner will be served at 7 and the program will follow.

Mr. Burger is director of planning and development for the firm. A veteran news executive, he was in charge of newsfilm coverage throughout the U.S. and Canada for CBS television, before joining Ruder and Finn. A member of the CBS news staff for 14 years, he pioneered in the development of new techniques for television news coverage.

In 1953, he organized for CBS the nation's largest TV news-gathering service, consisting of correspondents in 105 cities and a network of news bureaus in leading metropolitan areas. He has directed newsfilm coverage of many major news events, including the atomic bomb tests; and he has produced documentary programs on "Omnibus."

He has been a consultant on public relations projects to the American Telephone & Telegraph Co., and to Life magazine. He was the first president of the Radio-Newsreel-Television Working Press Association of New York, Inc., a professional organization of newsmen which includes in its membership broadcasters, editors, cameramen, and similar groups.

Ruder and Finn, which started as a two-man operation 10 years ago, now has a staff of approximately 85 people. Its clients include Johnson and Johnson, Dow Chemical Co., International

CHESTER BURGER
Will Speak To Area Ad Men

General Electric, Union Carbide International and Philip Morris.

It is credited with developing a number of new publicity and public relations techniques that have won wide professional acclaim in the United States.

DiSalle Aides Advise Caution

Go-Slow Policy Urged On Strip Mining Issues

COLUMBUS, Ohio (AP)—Whatever the Legislature decides to do with Gov. DiSalle's recommendation to shift the Reclamation Division from Agriculture to Natural Resources, at least three voices are urging an unhurried approach to any problems relating to surface mining operations.

Three members of the governor's Cabinet—Agriculture Director Robert H. Terhune, Natural Resources Director Herbert B. Eagon and Dr. Robert A. Haines, director of Mental Hygiene and Correction—are saying in effect:

"Let's not be hasty about this."

They got together about a week ago to discuss, among other things, DiSalle's proposal to change the Reclamation Division from the Agriculture Department to the Natural Resources Department.

Then they told the governor at last Friday's Cabinet meeting that:

1. Friday's deadline for introduction of routine legislation didn't give them much time.

2. The reclamation problem is pretty complicated to try and cope with on such short notice.

3 It would be better to spend some time studying the matter, then perhaps recommend steps to the next Legislature—if the need is indicated. (DiSalle recommended the shift Tuesday night, anyway.)

Here are some of the aspects of reclamation the three say they'll look into:

The pattern of ownership — Do the companies that worked the land own it, or did they pay fees to private landowners to use it? If it's private land, can the state legally institute erosion-control and appearance-restoring programs?

Location of coal reserves—There are indications that coal can be found in good quantity in some areas strip-mined earlier with less efficient equipment than exists today. There wouldn't be much sense in working to restore the appearance and usefulness of the land if it's apt to be mined again.

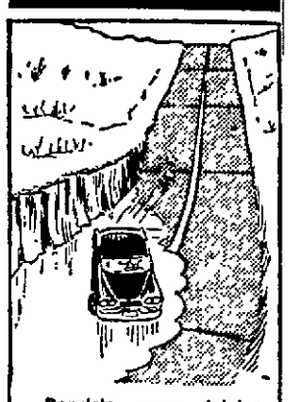
Location of deposits of other minerals which may be developed by surface mining methods — Again, the matter of restoring land only to possibly have it reworked.

Relationship to water resources development, flood control and recreation—And with this comes consideration of bringing the worked-over land into harmony with the area around it, maintaining a natural balance.

Availability of manpower from the Department of Mental Hygiene and Correction for employment on reclamation projects—As the result of laws which went into effect in 1948 and 1949, companies which strip-mine for coal in Ohio must restore the land when they are through or forfeit bond, money from which is then used to hire private help to restore the mined area. What's considered here is the use of honor camp inmates to restore areas mined in the "pre-law" 1914-1948 period when no such protection was incorporated in the law.

Reclamation of areas disturbed by development of ceramic clays, sand, gravel and limestone—These surface operations are not required by law to restore the land after it has been worked.

SAFE DRIVING TIP



Regulate your driving speed according to road and weather conditions. Extra caution must be used when icy spots prevail.

Often, after a winter storm has passed or even in early spring, icy spots remain in sheltered places. The Chicago Motor Club warns that motorists should be prepared to encounter slippery sections of road under viaducts, on bridges, and in other shaded spots.

If you should skid on ice, don't slam on the brakes. Turn your front wheels in the direction your rear wheels are skidding. This will tend to keep the rear end of the car from whipping around as you ease the brakes on and off to stop.

Highway Projects Get Federal Okay

COLUMBUS, Ohio (AP) — The federal government, which will pay half the bill, has approved construction of two four-lane highways in Southwest Ohio. The projects, designed to improve traffic flow, are tentatively scheduled to be part of the two-year highway program that starts in July.

One is a section of divided highway about two miles long which would give Middletown residents easy access to the Cincinnati-Dayton expressway. The controlled access highway would begin at the expressway and extend to a point about a mile west of the Butler-Warren county line as a partial relocation of Ohio 122.

The other is about 3,700 feet of four-lane highway which begins where Ohio 70 and 202 come together east of Troy and goes to a point about a mile southeast of Ohio 55 in Miami County. The section replaces part of Ohio 70 to facilitate traffic flow in the Miami River area.

Hope Leaves for West; No Eye Surgery Needed

NEW YORK (AP) — Comedian Bob Hope, told his eye trouble would clear up without surgery, was expected to leave for the West Coast today to prepare for a Sunday television show.

In a bulletin Wednesday night from Columbia-Presbyterian Medical Center Dr. Algernon B. Reese said: "There is no indication whatever that an operation will be required. Further diagnostic studies are being made in an effort to determine the exact cause."

The hospital said five fans—not identified—have offered to donate an eye to Hope. A hospital spokesman said. "Such a contingency is not being considered."

Hope has a blood clot in a vein behind his left eye which has affected his sight and stability.

New OWU President To Talk; Four Alumni Will Be Honored

DELAWARE—Dr. David A. Lockmiller, president of the University of Chattanooga for the past 16 years who will become president of Ohio Wesleyan University in June, will speak at the Ohio Wesleyan Founders Day chapel at 11 a.m. Friday in Gray Chapel.

This will be his first major address on the campus since he was elected 10th president of the university in October. His topic will be "You and Your University."

Ohio Wesleyan also will honor four of its alumni with newly established distinguished citizenship awards. Recipients will be:

Charles H. Lewis of Harpster, an 1895 graduate; retired banker, one of the founders of the university's Alumni Fund; a former mayor of Harpster and a former lieutenant governor of Ohio.

Mrs. Bernice Secrest Pyke of Lakewood, a 1902 graduate; housewife and mother and a retired school teacher, social worker, career woman, public speaker, civic leader, Democratic party worker, U. S. collector of customs.

Ernest R. Jones of Oakland, Md., a 1910 graduate; states attorney for Garrett County, Md., from 1916-1919; secretary of state for Maryland from 1936-1939; president of the board of trustees of West Virginia Wesleyan University since 1956.

Lynn Rohrbough of Delaware, a 1922 graduate; director of the Cooperative Recreation Service, known around the world, and an outstanding citizen of Delaware County.

The citation for the awards states that "Ohio Wesleyan expects its alumni to reflect in lives of character and service the discipline of a Christian college. This implies a way of life in which alumni accept family, church and civic responsibilities. It may be hoped that they will find success in a profession, a vocation, or a business enterprise.

"Within the university's sphere of influence and interest appear, from time to time, outstanding examples of citizenship; capable parens, good neighbors, devoted leaders, skilled administrators, community servants.

"These former students or friends of the university have so distinguished themselves that the university faculty and trustees decide to make public recognition of their earned eminence."

Mt. Gilead Animal Law Under Study

MOUNT GILEAD—An ordinance prohibiting animals running loose in the village came up for discussion when the Mount Gilead village council met this week. An interpretation of the ordinance will be presented by the village's legal council at the next meeting.

Two persons were present to complain about dogs running loose in their neighborhood.

Mrs. Louis Ghent, representing the village dump contractor, was present regarding dumping by contractors. Council decided to amend the dumping ordinance to read in part that a building contractor could haul debris to the dump on any day but Saturday with the fee to be set by the dump contractor.

A motion was passed authorizing the village to renew its contract for a cruiser for an additional year with Otterbacher Chevrolet at $100 per month.

Council authorized Street Supt. Harless Bending to place a grating on a sewer drop at the Charles Tharp residence on N. Delaware St.

McElroy To Talk For Observance Of Law Day Here

Mark McElroy, Ohio's attorney general, will speak at a Harding High School assembly April 24 as a highlight of local observance of "Law Day U.S.A." the Marion County Bar Association announced today.

Municipal Judge W. Dexter Hazen, president of the local bar, will preside at the assembly and introduce the speaker. Bar association members plan to attend the assembly in a body.

President Eisenhower has proclaimed May 1 as Law Day in the U. S.

His proclamation urged the peoples of the United States "to reaffirm their dedication to our form of government and the supremacy of law in our lives by participating that day in appropriate public ceremonies."

The President especially urged "The legal profession, the schools and educational institutions, and all media of public information to take the lead in sponsoring and participating in appropriate observances throughout the nation."

Judge Edward J. Ruzzo, who is arranging plans for the assembly, said local observance is scheduled for April 24 because the school auditorium will not be available May 1.

Be careful to thaw frozen fish only until it is barely limp—flavorful juices may leak out if the fish is over-thawed.

LEE AND LINCOLN

NEWPORT NEWS, Va. (AP) — Robert E. Lee and Abraham Lincoln will be closely associated in the future as real comrades in arms. A fleet ballistic missile submarine here will be named the Robert E. Lee and a sister ship under construction at Portsmouth, N. H., will bear the name of the former president.

Misfits Removed

Weeding-Out Program Cuts Army's Crime Rate

WASHINGTON (NANA) — A sharp drop in the crime rate among American soldiers has been achieved by "weeding out more than 70,000 misfits", in the last year, according to Army Secretary Wilber M. Brucker.

"The minute we did that, our crime rate plummeted right down," he declared.

"We have taken out about 29 per cent of our court martial cases and we have 38 per cent less of the AWOL's (absent without leave)."

As a result, Brucker told Rep. Alvin Bentley (R., Mich.), the Army has been able to close three of its five disciplinary barracks.

—:—

BRUCKER, who made his comment for use on some Michigan television stations, credited the change to congressional action last year in tightening induction standards for draftees and in voting pay raises and providing more housing facilities to encourage re-enlistments.

Under draftee screening procedures currently being followed anyone who scores 30 or less on the Army's general education test must score 90 or more on a skills examination.

The education test determines a man's ability to absorb knowledge and training. The skills test determines his aptitude for a trade.

Army personnel experts instituted the latter test on grounds that men who cannot qualify mentally or physically for training are the misfits who usually get into trouble.

—:—

PAY INCREASES and better housing for the dependents of Army men "has made the service more attractive to them," Brucker said.

The cut in Army crime has made it possible to close disciplinary barracks at Ft. Gordon, Ga., Ft. Crowder, Mo., and at New Cumberland, Pa.

Still operating are disciplinary units at Ft. Leavenworth, Kan., and Lompac, Cal.

The Army's weed-out program has necessitated a six per cent increase in the number of men called for induction examinations. But with manpower needs being steadily reduced, the program has not stepped up draft quotas, the Army said.

Brucker said the quality of Army units today is "exceedingly high." He added: "I'll match the quality against the Russians any time."

Radio and Television

By MARIE TORRE

Disney's Six Years in Television

LOS ANGELES — Though Walt Disney is an inveterate purveyor of enriched entertainment, he is entering his sixth year in television with a bewildered air characteristic of the relatively younger entrepreneurs of TV.

Marie Torre

It's not HOW to entertain the public that confounds Disney. That he has been doing, for 40 years. It is the general lack of expressed appreciation, on the part of the public as well as the sponsors, that fires his perplexity.

He is even more befuddled when the cry goes up for pay TV and the implied "better quality" of programming that it would bring to the medium.

-:-

"BETTER QUALITY?" Disney echoes in reflection. "Somebody doesn't know the economic facts of the business. In reaching for 'quality' this year, our television division will lose 1½ million dollars, and I don't see where we've created any unusual excitement.

"One film for television, 'Our Friend, the Atom,' cost us half a million. Educational groups all around the country have requested prints of it, but on TV it wasn't received with more than routine attention.

"Frankly I don't know how much better shows could be under a pay TV system. They say that programs would be better because of the money incentives to theatrical and motion picture producers.

"Well, I'm a motion picture man. I recently finished a picture called 'Sleeping Beauty' which cost six million dollars, and it's a lovely thing to see — the color, the painstaking detail. But you'd never be able to see that kind of detail on a television screen.

"It's something that has to be seen on a motion picture screen for full appreciation.

"Besides, who is going to make it worth my while financially to produce a six-million-dollar picture for pay TV?"

-:-

DISNEY, a tactful man, does not give voice to his behind-camera experiences in a medium motivated by ratings ("Their bible is the Nielsen"), but it is surmised that he occasionally reaches the point of painful resignation.

Since he is a major figure in the motion picture industry and owner of the flourishing Disneyland Park in Burbank, Calif., one had to wonder why he bothered.

"For several reasons," he said in explanation. "Television enables me to keep a staff on a regular basis. There are 1,200 people working here for me and, mind you, this is a slack period.

"Television also permits us to experiment with ideas, whereas with movies, because of the cost factor, you're forced to deal with the sure thing. And, of course, the big advantage of TV representation for me is that it lets the public know about my movies. Everything dovetails; if you know what I mean."

-:-

DISNEY, in effect, is subsidizing his television output ("Walt Disney Presents," "Zorro" and "Mickey Mouse Club") through his priceless movies.

"Oh, we're expensive," he remarked. "All my life I've been spending more money than I've received in immediate profits — for ever a source of worry to my brother, Roy, and my banker.

"With time, though, they seem less upset. Time has been our saviour."

The "adult" Western apparently has run its course. Latest oater on the market deals with the adventures of a teen-ager in the Old West, called "The Rebel." . . .

A sponsor renewal will keep Dinah Shore on TV through the next 52 weeks. . .

In answer to letters asking the whereabouts of Dr. Frank Baxter, he is confined to an alternate-week half-hour show on a local Los Angeles station (KRCA). That's network television's loss. Surely if NBC can produce, with excellent results, an early - morning course in physics, there is room on the channels for a continuation of Dr. Baxter's illuminating courses on Shakespeare.

-:-

LUCILLE BALL, preparing to visit New York for an Arthur Godfrey chat next Tuesday, rues the fact that "so many of our great comedians are going dramatic" these days.

"We'll have to develop," she says, "a whole new field of comics. Even the younger ones like Red Buttons, Jack Lemmon and Mort Sahl are going dramatic."

And yet, what is Lucy's current ambition?

"I would love," she says, "to do a dramatic show with Jackie Gleason. We're trying to get him for one which we would do in our Desilu Playhouse series."

ORGAN-GRINDER HELPED

MARTINSVILLE, Va. (AP) — Frank B. Netherland, 22, has always loved theater organs. So when a North Carolina radio station wanted to sell one, Netherland bought it. He took it down, shipped it here and reassembled it. Trouble was, it wouldn't fit in his home. A theater gave him space and he drops in regularly to play.

ICE WITH A PAST. Physicist Theodore Butkovich, at Wilmette, Ill., Army center, holds ice core taken from Greenland icecap. The ancient core may hold bacteria and atmospheric bubbles dating back to year 1109.

Ancient Burial Ground

'Cemetery in Sky' Used By New Mexico Indians

GRANTS, N.M. (NANA) — One of the strangest graveyards in the world is a 200-foot-square plot atop a rock island overlooking a 7,000-foot-deep valley.

The square plot was laboriously filled with earth brought up from the valley floor by the Acoma Indians, who have inhabited the great, steep rock of Acoma, the "City in the Sky," for centuries.

First, a giant frame of stone walls was built. Then, up a precipitous stairway, chiseled in the rock face with primitive tools to permit stone toe and hand holds, the Acoma men, women and children carried earth on their back from the valley. The tons and tons required to fill the great frame took 40 years of dangerous climbing.

When the graveyard was finally filled, almost 100 figures were carved out of the adobe walls that were erected atop the 300-foot-high rock to enclose the cemetery. The sculptured figures, "Guardians of the Graves," look from a distance like fat snowmen.

—:—

ATHOUGH MOST OF the Acomas now live in the valley, in the farm villages of Acamita and McCarty's, where they have electricity, and the sick are sent to the hospitals, those who die on the mesa are buried in the "Sky Cemetery."

But the Acomas hold little faith in the "Guardians of the Graves." The figures, sculptored in the late 1600's, were not their idea. The Acoma who guides visitors up the treacherous path to the top explains that the Indians look upon the carvings as "some odd Spanish custom of long ago."

Back of the graveyard stands what is probably the loneliest church on the continent, and the most difficult to erect. It took 10 years to build, and the materials used were carried up the rock by the same perilous trail.

—:—

RARE IS THE visitor who does not look upon the mission church with awe, after collecting his wits and nerves upon reaching the mesa. The 60-foot-high church contains giant blocks of stone and adobe running east and west nearly 1,000 feet. The great handhewn beams were cut in the San Mateo Forest, fashioned into timbers 14 inches square and 40 feet long, and brought up from the valley floor to the heights of the great rock. The walls of the church are nine feet thick, and are as solid today as ever.

Three times a year, on special feast days, white visitors are permitted to join the Indians in celebrations. All other ceremonies are closed to the public. It is a distinctive anomaly of the Southwest that ancient religious rites are performed in a Catholic church, with no outsiders allowed to look on.

PARTY PRIDE?

TOPEKA, Kan. (AP) — A committee of the Republican-dominated Kansas Legislature voted against recommending passage of a bill which would erect a statue of President Eisenhower in the capitol of his boyhood state. Democrats sponsored the bill.

Comedy, Romance Replacing Sports In Theme of Play

NEW YORK (AP) — The new Broadway comedy "Tall Story" is already a boxoffice winner, but it has a problem.

Because of a pre-production film deal, the Lindsay-Crouse play opened without a worry about repaying its costs and earning a modest profit. The plot, however, concerns basketball, and plays about sports are sometimes tough to sell to many theater fans.

Recalling that "Damn Yankees" didn't become a musical comedy smash hit until its baseball angles were deemphasized in favor of sex, the management of "Tall Story" is switching its advertising and promotion from the court pastime to stress comedy and romance.

Operator of Fish Store Is Real 'Clockwatcher'

UNION CITY, N.J. A(P) — Walk into Cipriano Lipp's fish store and you might think you were in a watchmaker's. He has 500 clocks lining three walls of the place.

Lippi started the collection some years ago when he couldn't bear to throw out two old broken clocks. "So much skill and labor had gone into making them," he said.

Strategy Adopted for May 27 Crisis

U.S. Prepares for Berlin Showdown

WASHINGTON (NANA)—American military preparations for a possible showdown over Berlin are neither as drastic as some European reports have said nor as lax as some official statements have indicated.

The Air Force is prepared to go back to the round-the-clock, in-the-air striking force program used during the crisis over the offshore islands in the Far East.

The Navy has moved up by two months its combined fleet action in the Mediterranean so that the vessels will have steam up as the Soviet deadline of May 27 for changing Berlin's status approaches.

The confused reports from Europe of partial mobilization, knocked down last week by the White House, apparently stemmed from a discussion behind closed doors by Gen. Maxwell Taylor with members of the Senate Foreign Relations committee.. Gen. Taylor indicated it was his belief that the U.S. should mobilize to meet the Soviet threat in Berlin. But no such mobilization has been ordered or is likely to be.

According to congressional sources, the current U.S. military plan for dealing with Berlin goes like this:

If the Russians carry out their threat to turn over control of access to Berlin to the East Germans, the Western forces will test the situation by land, probably by an armored train.

—:—

THE TRAIN will move up to the checkpoint. If the East Germans try to inspect the train as East Germans and not just as "agents" of the Soviets, the Allies will refuse. While the train remains on the spot, the Allies will take the dispute to the United Nations.

United Nations action can be delayed, so what happens to supplies for the Allied garrisons in Berlin during the debate?

The Soviets seem to feel that their radar jamming operations are so efficient that an airlift could not be used to supply Berlin, as it was once before. Weather conditions in Berlin require instrument landings for some 80 per cent of the flights.

Air Force officials, however, say privately that the U.S. has variable frequency equipment that can be used to escape jamming for short periods. They contend that before the Russian jammers can determine the frequency being used the plane will already have landed. The constant shifting of the frequency will permit enough planes to get through to supply the military forces.

—:—

THE STATE department is privately putting out new warnings about conditions in the oil-rich Mutawakelite kingdom of Yemen, which is loosely federated with with United Arab Republic.

Yemen received shipments of Soviet arms, including aircraft, in 1956 and in 1957 and some Yemeni forces have been making forays into the neighboring British protectorate of Aden.

What prompted the new warnings, however, was the report that some 500 Chinese Communist technicians have joined 200 Russian technicians in the country. Allied intelligence also has reported that the ruling faction, including the king, is made up almost entirely of drug addicts.

—:—

ISRAELI foreign minister Golda Meir last week started a tour of the United States to tell at "private" meetings the inside story of the emigration of Rumanian Jews—just a few days before Rumania threatened to shut the door on them again.

Some details of her story:

The emigration has been mostly voluntary, but some of it has been forced to permit mass confiscation by the Rumanian Communists. Applications for permission to leave the country dating back as much as 15 years were being pulled out of the files and processed to force Jews with some capital to go—leaving their funds behind.

The Jews were not even permitted to take their own traveling bags: they had to buy from the government special boxes that could hold about 40 pounds of clothing.

Special trains, for which the migrants paid, took them to the border, where Israeli officials picked them up and transported them to Vienna. While shipping was available, the Jews were taken to Naples and then by ship to Israel. During the past week, an airlift started from Vienna.

Usually, a person seeking a visa must present himself in person. In Rumania, the government threw a cordon of police around the Israeli offices so that no individual could apply directly. Passports by the hundreds were taken by a Rumanian official to the office for processing. The Israelis didn't know who they were getting until the emigrants got to the border.

High School Boys Build Smallest Sugar Factory

DENVER, Colo. (AP)—Bernard Hynes, a 17-year-old Denver high school student, figures he has the world's smallest beet sugar factory. It is mounted on a 6 by 4 plywood panel.

Hynes cuts up his sugar beets by hand and starts them through the digester for boiling, carbonation, filtration, sulfonation and finally to be evaporated and crystallized.

He's never seen the inside of a real beet sugar factory. He got the idea for his small factory in a chemistry book.

Beavers Help To Protect Water Supply for City

WANAQUE, N.J. (AP) — Beavers, whose dam building sometimes is a nuisance, have done a good turn for the North Jersey District Water Supply Commission.

A band of them walled off a three-acre marsh, thus reducing the chances silt might wash into Wanaque reservoir during periods of high run-off. The commission voted not to chase them away.

"They are doing a good engineering job," said Forester Albert Huber.

New Floor Care Ends Waxing

One of the difficult jobs of housecleaning is to wax linoleum and asphalt the floors. Now, thanks to Glaxo, it's no longer necessary to wax and scrub: just apply Glaxo about twice a year. It maintains a high lustre, non slip coating that seals out dirt. Glaxo dries in one hour and is water clear. It's cheaper than wax in the long run, besides saving a terrific amount of work, plus truly a beautiful floor.

We've Grown in Size...

Since the close of World War 2 a great change has taken place in the telephone business. What was once considered to be almost a luxury service has now come to be an every day necessity.

Quietly and without fanfare, the telephone industry has made giant strides to keep pace with the heavy demands placed upon it.

Many factors have contributed to this increased demand for service. A general high level of rural prosperity has prevailed. Thousands of families have moved from Metropolitan centers to smaller towns as industry has become more decentralized. Many people have sought the less crowded rural areas for their homes. Then, too, has come the general acceptance of the telephone as a means of fast, convenient and economical communication between friends, families and business associates.

During the last 12 years we have increased the number of telephones connected to our exchanges from 23,737 to 48,380. To provide for this growth we have spent a total of $9,161,137.19. This has necessitated increased capital and an increase in the cost of providing the service. As the number of subscribers increases the value of the service is also increased to each subscriber.

Defects to Communists

Ex-British Newsman Is Now East German Agent

BERLIN (NANA) — A renegade Englishman is masterminding Communist East Germany's propaganda campaign for diplomatic recognition in the West.

John Peet, 43, although less well known, is rated by Western experts as a much cleverer Communist propagandist than the celebrated British Foreign Office duo now in Moscow, Guy Burgess and Donald MacLean.

Burgess and MacLean vanished from jobs in the British Foreign Office in 1951. Both subsequently turned up in Moscow, where they work in a Soviet publishing house and advise the Soviet Foreign Office on Western propagan da.

—:—

PEET DEFECTED even earlier than Burgess and MacLean, in 1949, and his defection was equally spectacular.

As Berlin correspondent for Reuters, the British news agency Peet gave no inkling of any sympathy or even interest in communism. One day in October, 1949, East Germany's propaganda ministry summoned Western correspondents to a surprise press conference in East Berlin.

The correspondents were stunned to learn that Peet himself was conducting the press conference—to announce his defection. But even so, he was loyal to the last to his British employer.

Just before Peet opened his East Berlin press conference, he telephoned the Reuters office in Berlin and directed the correspondent on duty to release the prepared story in an envelope, the story which Peet had written announcing his defection.

—:—

PEET HAS WORKED for East Germany's propaganda ministry since his defection. His main task has been the editing of an English - language East German propaganda publication, "The German Democratic Report."

He is credited with being a prime mover behind the split in the British Labor Party's ranks on recognition of East Germany. Forty Laborites have just kicked over the party traces, demanding East Germany's diplomatic recognition.

Peet has just arranged a tour of East Germany for a party of left-wing "pro-recognition" Laborites headed by Sydney Silverman and Konni Zilliacus.

—:—

PRIOR TO JOINING Reuters in 1947, Peet had been a member of the Palestine police and had worked for the Palestine radio station. In Berlin, prior to his defection, he was regarded as a competent, unbiased news agency reporter whose dispatches never gave any hint of his attraction to communism.

Since his defection, Peet has continued friendly contacts with Western reporters in Berlin. He says he is happy in his work and still regards his defection as having been "the correct decision."

When he defected, Peet was married to an Austrian countess But she soon after divorced him, and the Briton is now married to an East German.

Town in Kansas Helps Air Force in Recruiting

SALINA, Kan. (AP)—Schilling Air Force Base took official notice of the unusually harmonious relationship between the base and the city of Salina.

Men of the base gathered on the flight line and spelled out "Peace is our profession."

Base officers credited the city's friendly atmosphere with decisions of many of the 1,464 Air Force men at the base to re-enlist during 1958 — believed to be an Air Force record.

Jungle Music Aids Soldiers' Training

HONOLULU (AP) — Soldiers of the 25th Infantry Division get in the mood for jungle training by listening to records of a local recording combo.

The exotic sounds from the Arthur Lyman group, playing at a hotel here, are piped over the public address system at Schofield Barracks as soldiers file into the jungle training area.

Lt. Richard Hobbs, in charge of the program, says the ultra-modern music duplicates almost every noise a soldier could expect to hear in the jungle.

Child's Speech Echoes Voices Of His Parents

Youth Adopts Bad, Good Habits of Talk He Hears Constantly

"Hello,. may I speak to Mrs. Whitington please?"

"I am sorry, but Mother is not at home."

"Is that you, Susie? My goodness, you sound just exactly like your mother."

How often this happens! Children grow up to speak so like their parents it's often difficult to distinguish the voices of various members of the family.

Copies Parents

You are your child's world. He copies you in all manner of ways, but almost nowhere is his copying more obvious and more subtle than the way he talks.

Of course your child will speak the same language you speak. Even if you adopted a Chinese baby he would speak English as he grew up in your home. There is nothing in the way speech organs are made that has one bit of influence on the language a child speaks. Chinese adults have trouble saying "r" not because they are made differently from Americans but because from infancy they have never practiced a sound that does not occur in their language.

But the copying your child does goes far beyond the fact that he speaks your language. Your child picks up whatever accent you have. A child brought up in Boston may well slur over many of his "r"s.

He may talk about a "hoss" (horse) while a youngster from the Far West may give his "r's" a slight roll. These local peculiarities we accept, often with pride and pleasure. But how about other qualities in your own voice? Do you like them? Do you want your children to copy them?

Reflects Feelings

Is your voice shrill because you are often nervous and upset? Is there a flat quality to our speech because you find life dull and uninteresting? You know there is a common phrase "down in the mouth" which means you are depressed and blue and that's exactly what your voice shows—it dies somewhere in the back of your throat. Children whose parents speak like this most of the time develop an unpleasant voice quality and it's apt to stay with them for life.

Your are so accustomed to your own voice you may not be aware of its good qualities or its bad ones.

Mrs. Smithers complained that her son Tom whined when he talked. He didn't whine just now and then but all the time. We persuaded Mrs. Smithers to have a tape recording made of her own voice. When it was played back to her she could hardly believe it was she speaking. "Why, what an old nagger that woman must be," she exclaimed.

Corrected Both Problems

Ruth Smithers was really a pretty nice young woman. Inside she wasn't the way she sounded. She enrolled in a speech class, worked hard and finally trained herself to speak with a vibrant colorful voice that was more in keeping with her personality. In the course of a few months Tom's voice changed too—and we didn't do a thing to Tom!

The job of being a parent is something about this child of yours becoming a mirror image of you. Do you want to be mirrored just as you are? Your good points, yes, but our children pick up our bad ones just as readily as the good ones.

Help Is Requested For Medical Field

CHICAGO (AP) — Tomorrow's doctors are finding other careers.

Dr. John A. D. Cooper, assistant dean of the Northwestern University medical school, says the ability of other professions to offer greater inducements for fellowships and research assistantships is one of the reasons for the loss.

"Medicine," he said, "has no equivalent source of subsidy for its students."

Dr. Cooper urges that steps be taken to shorten the medical program and grant higher professional and economic status to the physicians in specialty training.

Nathan's Widow Plans Tributes for Husband

NEW YORK (AP) — A trip across the country with a program billed as "Encore for George Jean Nathan" is being arranged by the renowned critic's widow, actress Julie Haydon.

Her itinerary for the program of readings will include visits to leading universities. Performance proceeds are to be turned over to the Nathan Studio Library.

The program is to include an unpublished one-act play, "The Eternal Mystery," plus critiques by Nathan, of prominent playwrights and accounts of dialogues between him and H. L. Mencken.

Japanese Girls Slated For Canadian Program

VANCOUVER, B.C. (AP)—The second annual International Festival here next summer is to include a 40-girl ensemble from an unusual town in Japan.

The troupe comes from Takarazuka, a community that is a training center for all forms of theatrical entertainment.

The presentation is to include Kabuki drama, folk dances and Oriental interpretations of western musical comedy and operetta.

CHANGE OF TACTICS

OKMULGEE, Okla. (AP) — Hypnotist Harry Klein asked for volunteers from his audience but no one responded. He then said it was possible to hypnotize persons to aid them in losing weight. Three women immediately went to the stage.

Pvt. Kenneth Hinaman of Marion, presently stationed at Ft. Riley, Kan., was a participant in the 26th Infantry players group which recently received the First Division first place award for the recorded drama section of the talent contest conducted yearly by the Army.

Pvt. K. Hinaman

The drama group presented a scene from "A Visit To a Small Planet" in which Pvt. Hinaman portrayed the lead role of Kreton, the visiting spaceman. The recording will be entered in the judging for the Fifth Army talent review in the near future, the semi-finals to the all-Army contest.

Pvt. Hinaman, son of Mr. and Mrs. W. C. Hinaman of near Marion, was active in drama at Kent State University during the years 1956 to 1958 and entered the service at the end of his second year at the university. The early part of April he will depart for Baumholder, Germany, where he plans to enter the Special Services branch of the Army. Pvt. Hinaman was graduated from Morral High School with the class of 1956.

Store Owner Loses Interest in Holiday

MILWAUKEE (AP) — "Don't worry about a thing," Charles Andrews told his boss. "Go to Florida, relax and have a good time."

The boss, Charles Mansfield, took Andrews at his word and departed for Florida leaving Andrews in charge of his children's furnishings store in the suburban Bay Shore Shopping Center.

The vacation, however, turned out to be a nightmare for Andrews. First he had to call the boss and tell him that he had skidded Mansfield's car and smashed the front grill. Then he had to telephone the sad news that a water main had broken and flooded all of the stock in the store's basement.

Finally a $300,000 fire swept the shopping center and Andrews had to break the news to Mansfield that the stock was virtually a complete loss.

Ustinov Sought as Star For New Stage Venture

NEW YORK (AP) — Peter Ustinov, Britain's busy young author-actor, is to be represented on Broadway next season with two plays if current plans jell.

The prospects are "No Sign of the Dove," exhibited in London in 1953, and "Paris Not So Gay." Ustinov is sought as star and director of the latter.

Hoover Sees Continuing Danger

American Communists Press Reorganization

By VICTOR RIESEL

For several years now, the American Communist party has been reorganizing under cover. It would be dangerous to write off a movement on which the Soviet Union in the past has spent millions of dollars — and through which it has launched successful espionage, sabotage and corroding propaganda rings.

VICTOR RIESEL

There is one man who would know if the re-grouped Communist apparatus is the plaything of a few esoteric thrill seekers — or an effective Soviet weapon. That man is J. Edgar Hoover, director of the FBI. I put four questions to the director.

-:-

Q. Were there any Americans attending the Communist party congress which recently met in Moscow?

Mr. Hoover: In recent months many leading Communists have been able to travel to the Soviet Union because of the easing of restrictions in the issuance of American passports.

Among these are James Jackson, a member of the National Executive Committee, Communist party, U.S.A.; Alexander Trachenberg, head of International Publishers, Communist publishing house; George Morris, labor editor of the "The Worker," East Coast Communist newspaper; Morris Childs, long-time Communist party leader from the Midwestern area; Paul Novick, editor of the "Morning Freiheit," Yiddish language Communist newspaper and Charles Loman, Brooklyn Communist party leader.

Two of the above, James Jackson and Morris Childs, reportedly attended the 21st congress of the Communist party, Soviet Union, in Moscow as representatives of the Communist party, U.S.A.

Their attendance at this congress in an official capacity is indicative of the close affiliation which presently exists between Moscow and the Communist party, U.S.A. Moreover, their presence in Russia, along with the other Communists mentioned above, is a harbinger of things to come — namely, an increasing number of American Communists who will be visiting Russia and other Communist countries.

Party leaders will now have direct personal access to Russian leaders, including Khrushchev. They will be able to report about problems facing the party in the United States, and receive direct instructions as to the proper courses of action.

Not since the days of the Comintern, when American Communists streamed freely to Moscow, is the outlook so favorable for the direct guidance of the American party by the Kremlin. This, of course, represents a great danger to the security of our country.

-:-

Q. Is there still an American Communist party?

Mr. Hoover: Most emphatically the answer is "yes." The Communist party, U.S.A., is very active working unceasingly toward the establishment of a Soviet America. Last September, it celebrated its 39th anniversary with a rally attended by 1,200 individuals at Carnegie Hall, New York City.

Although recently plagued by internal dissension, the party is now firmly consolidated behind the pro-Soviet leadership of Eugene Dennis, general secretary, and Robert Thompson, executive secretary, supported by William Z. Foster, chairman emeritus, who is currently incapacitated by illness.

The party's national committee, at its most recent meeting held in December, adopted bold plans for strengthening and reorganizing the party and has implemented these plans by actively participating in political affairs, intensifying its work among the nation's youth and giving increased attention to infiltrating labor unions and strategic industries and to agitation among Negro groups.

From this position of strength, the Communist party, U.S.A., is vigorously carrying out the dictates of the international Communist movement.

-:-

Q. Is Moscow directly interested in the Communist party, U.S.A.?

Mr. Hoover: Very much so. The Kremlin has consistently supported those leaders inside the Communist party, U.S.A., comprising the leftist or pro-Soviet elements. It is highly interested, as in the early days of American Communism, in eliminating factionalism and maintaining a unified party.

In Moscow's eyes, a quarreling party is an ineffective party. The Kremlin insists that the party stay unified with leadership under the strict control of Communists who are obediently loyal to the Moscow line.

The number of articles in the Soviet press about the American Communist party is proof of the Kremlin's extreme interest in assuring that the party in the United States follows the correct line. For example, in September 1956, "Pravda" praised Foster as a "noted theoretician and Marxist historian" and indicated continued Soviet support for him.

In the most recent issue of "World Marxist Review" (international Communist magazine published in Prague), William Z. Foster was among the Communist leaders throughout the world giving unqualified support to Khrushchev's seven-year plan for the Soviet Union.

The very fact that he was allowed to so write is proof of the high esteem in which Foster is held within the international Communist movement.

These and other such articles are indicative of the support and direction which the Soviet Union has given to the pro-Soviet leadership of the Communist party, U.S.A.

Such guidance from Moscow has enabled this group to become the dominant leaders of American Communism. Under the current leadership, the Communist party, U.S.A., will continue to be a mere puppet to be manipulated at will by Moscow.

-:-

Q. Does the Communist party, U.S.A., presently belong to any type of Communist international?

Mr. Hoover: The Communist party, U.S.A., does not presently belong to any overt Communist international organization — that is, in the sense of formal membership, since such membership would be in violation of federal statutes. However, that does not mean that the Communist party, U.S.A., is not an essential part of the international Communist conspiracy.

As is well known, all Communist parties are based on the teachings of Marxism-Leninism. To the Communists, these teachings represent scientific principles by which Communism will ultimately be victorious throughout the world.

The Communist party, U.S.A., subscribes to Marxism-Leninism and bases its activities on these teachings. This means that the American Communist party operates on the same principles as do other Communist parties. It has the same objectives — namely, the overthrow of free government.

Moreover, in the Communist concept of proletarian internationalism, all Communist parties are bound together in unity to Communist objectives with the Communist party, Soviet Union, as the controlling body.

The American Communist party is merely an extension of the international Communist conspiracy. Its loyalty is to Khrushchev or whoever controls the Soviet party.

1-B—IN MEMORIAMS

IN LOVING MEMORY of Elta McClelland, who passed away two years ago, March 7, 1957:
Two years have passed since that sad day,
When one we loved was called away;
God took her home, it was His will,
Within our hearts she liveth still.
Daughter, Mrs. Hazel Bertrand and Family.

IN memory of Wade L. Conkle who passed away one year ago today, March 5, 1958:
There's an open gate at the end of the road
Through which each must go alone.
And there in a light we cannot see
Our Father claims His own.
Beyond the gate our loved one
Finds happiness and rest.
And there is comfort in the thought
That a loving God knows best.
Sadly missed by wife, son, brothers and sisters.

TRUE LIFE ADVENTURES By Walt Disney

ARMS and the APE
THE GORILLA, BIGGEST OF THE GREAT APES, IS ALL ARMS—SOME HAVE AN ARM SPREAD OF 8 FEET—ONE AND A HALF TIMES THEIR HEIGHT.
BUT THESE GREAT ARMS ARE OF NO AVAIL WHEN THE GORILLA FALLS INTO DEEP WATER. HE DOESN'T KNOW HOW TO SWIM.

THE HEART OF JULIET JONES By Stan Drake

WELL?
HE MET A GIRL IN FRONT OF—I BELIEVE THEY CALL IT A BOWLING ESTABLISHMENT. THEY BOTH ENTERED AND BEGAN PLAYING—
THIS CREATURE—WHAT DID SHE LOOK LIKE?
BLONDE—QUITE YOUNG—AND—AND QUITE REFRESHING, MADAM—
YES, YES—YOU MEAN BEAUTIFUL! IT WOULD BE SOME YOUNG AND BEAUTIFUL GIRL. IT'S TROUBLE, DANIEL—IF I DON'T TAKE IMMEDIATE AND DRASTIC ACTION!

BLONDIE By Chic Young

OKAY.
COINS! MILLIONS OF 'EM—AND A SCOOP SHOVEL.
NOW WE KNOW WHAT THE SLOT MACHINE RING DID WITH THEIR MONEY.

BEETLE BAILEY By Mort Walker

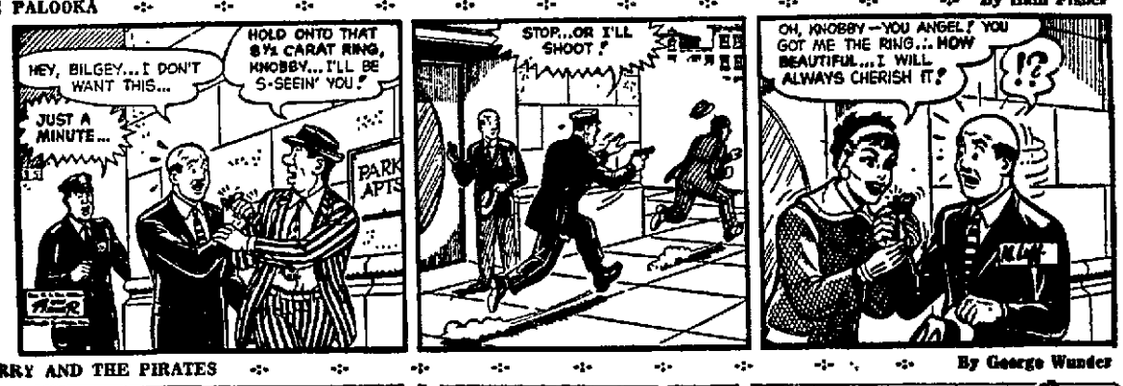
ARCHIE By Montana

ARCH, MOVE OVER ONE! THIS WOMAN IN FRONT OF ME IS AS BIG AS A HOUSE!
ARCH! MOVE BACK! THIS GUY WHO JUST CAME IN IS EVEN BIGGER!
TOO LATE! THAT SEAT IS GONE!
MISTER, WILL YOU CHANGE SEATS WITH ME?...I CAN'T SEE!
THAT'S TOUGH!
I TELL YA I TRIPPED OVER SOMETHING BIG IN THE AISLE!

GASOLINE ALLEY By Frank King

Answer the door, Walt. That must be the chauffeur.
Rufus! You! Who ever told you you were a chauffeur?
I knew it all the time. I chauffeured Col. Wolf all over Texas an' Africa durin' the war.
But where and how did you ever get this job?
From the Tip-Top Agency. I had a very good recommendation—from you!

JOE PALOOKA By Ham Fisher



HEY, BILGEY...I DON'T WANT THIS...
HOLD ONTO THAT 8½ CARAT RING, KNOBBY...I'LL BE 5-SEEIN' YOU!
JUST A MINUTE...
STOP...OR I'LL SHOOT!
OH, KNOBBY—YOU ANGEL! YOU GOT ME THE RING...HOW BEAUTIFUL...I WILL ALWAYS CHERISH IT!

TERRY AND THE PIRATES By George Wunder

BELIEVE ME, COLONEL! I HAVE NO INTEREST WHATSOEVER IN WHY SHE IS YOUR PRISONER!
A HEALTHY ATTITUDE, MAJOR. DON'T SPOIL IT BY LETTING US ARRIVE LATE AT MOSCOW.
LATER...
WILL YOU TAKE OVER, SIR? I'D LIKE TO STRETCH A BIT.
GO AHEAD—BUT STAY CLEAR OF THE PRISONER. THAT POLICE SWINE TOOK MY HEAD OFF FOR COMMENTING ON HER IMPORTANCE.
HE CAN'T OBJECT, MAJOR. I'M NOT INTERESTED IN HER POLITICS—ONLY HER DIMENSIONS!

RIP KIRBY By John Prentice

THAT GLORIA LORRAINE HAS RIP ON THE TERRACE. IT'S UNFAIR! I DON'T THINK KEN SHOULD HAVE INVITED HER!
HE DIDN'T. BUT HE CAN'T DO ANYTHING BECAUSE HE THINKS SHE'S A PERSONAL FRIEND OF A CRASHER...
I NEED YOUR HELP BECAUSE SHE'S OUT THERE, RIP, AND I'M WORRIED ABOUT HER.
WHO'S OUT THERE, GLORIA?
